N·S·D·C
RE IMAGINE FUTURE

NSDC
ANNUAL REPORT
2023-2024

SHRI NARENDRA MODI

Hon'ble Prime Minister

"What you have learnt today will surely become the base of your future, but you have to upgrade your capabilities according to the future. So, when it comes to skill, your mantra should be skilling, reskilling and upskilling. Do keep an eye on what new is taking place in whatever field you are in."

Shri Jayant Chaudhary

Hon'ble Union Minister of State (Independent Charge),
Ministry of Skill Development and Entrepreneurship
and Minister of State, Ministry of Education, Government of India.

"India has a great demographic dividend, providing a clear path towards transforming the country and the rural hinterland into a developed economy by 2047. There is also a growing skill gap in the world today; approximately 8.5 crore opportunities will be there in the world by 2030. These opportunities are to be grabbed by the aspiring young professionals of the country, which will decide the future path of the economy."

Board of Directors

The Board of Directors of NSDC, consisting of three to fifteen members, is a dynamic and experienced group driving positive change in the skill ecosystem. The central government appoints upto six Directors, including the Chairman, while private sector shareholders appoint upto nine Directors. This diverse Board brings a wealth of industry-wide experience, expertise, and valuable insights, ensuring that NSDC remains at the forefront of skill development in India. Their collective vision and leadership are instrumental in advancing our mission to empower the nation's youth and build a robust skill ecosystem.

About Us

At the National Skill Development Corporation (NSDC), we are dedicated to empowering India's youth through comprehensive skill development programme. Incorporated on July 31, 2008, as a not-for-profit public limited company under section 25 of the Companies Act, 1956 (corresponding to section 8 of the Companies Act, 2013), we operate as a unique Public Private Partnership (PPP) model under the aegis of Ministry of Skill Development and Entrepreneurship (MSDE). Our collaborative structure, with 49% of the share capital held by the Government of India and 51% by the private sector, enables us to be the principal architects of India's skill ecosystem.

We actively support enterprises, start-ups, and organisations by providing funding support, concessional loans, and other innovative financial products. Our mission is to enhance, support, and coordinate private sector initiatives in vocational training, ensuring that financial barriers do not hinder skill development. As the strategic implementation and knowledge partner of the Skill India Mission, we focus on creating efficient training initiatives that open up a world of opportunities in futuristic skills for the potential workforce.

Through strategic partnerships and innovative models, we aim to build a robust skill ecosystem that not only meets current industry demands but also anticipates future trends, empowering India's youth to contribute significantly to the nation's growth and development.

Vision & Mission

National Skill Development Corporation (NSDC) is the principal architect of the skill ecosystem in the country. It is a unique Public Private Partnership (PPP) enterprise working under the aegis of Ministry of Skill Development and Entrepreneurship (MSDE), Government of India. NSDC was established with the objective to catalyse the Skill ecosystem for private sector participation and be the strategic implementation and knowledge partner to Skill India Mission to build efficient vocational training initiatives, empowering India's youth. NSDC provides support to enterprises, start-ups, companies, and organisations that are creating an impact by offering a world of opportunities in futuristic skills to the potential workforce. The organisation develops appropriate models to enhance, support, and coordinate private sector initiatives in upskilling by offering funding support to eligible entities, concessional loans to the candidates along with other innovative financial products, and builds strategic partnerships.

NSDC Vision:

- To become "World's largest platform for Skills for All, Opportunities for All, Anytime, Anywhere"

NSDC Mission:

- Skill/Reskill/Upskill 25 Mn individuals
- Skill/Reskill/ Upskill 15 Mn disadvantaged socio-economic groups
- Operationalise 50K skill centres

Core Values:

- Impact: Planet, People and Prosperity
- Integrity: Trust and Transparency
- Inclusion: Access to skilling for 15 Mn disadvantaged socio economic groups
- Innovation: Digital First

Overview

NSDC has made significant strides in advancing India's skill development landscape over the past years. Through strategic initiatives, partnerships, and innovative programmes, NSDC has focused on creating a future-ready workforce, enhancing employability, and bridging skill gaps across various sectors.

This report provides an in-depth analysis of NSDC's key achievements, with a particular focus on NSDC Academy, NSDC International, NSDC Trust, the G20 Future of Work initiative, Skill India Digital Hub (SIDH), JobX, and the development of digital assets.

In the Financial Year 2023-2024, the NSDC has scripted a powerful story of success, transforming the lives of millions across India and establishing the nation as a global leader in skill development. Through innovative programmes, strategic partnerships, and cutting-edge technology, NSDC has worked tirelessly to bridge the skill gap, empower individuals, and creating a workforce ready for the challenges of the future.

At the heart of this success was NSDC Academy, which redefined higher education by integrating skill development programmes into university curricula. Partnering with prestigious institutions like IIT Guwahati, IIT Ropar, and IIT Mandi, NSDC Academy offered micro-credential programmes that combined academic knowledge with hands-on practical learning. Students earned credit-linked certifications that were not just marks on paper but pathways to employment.

In Karnataka, NSDC inaugurated the Center for Future Skills at PDA College of Engineering, where over 5,000 students were trained annually in emerging fields like automation, AR/VR, and web development. These efforts ensured that students were not just prepared for graduation but for the industries of tomorrow.

Beyond Indian borders, NSDC International expanded opportunities for Indian talent on the global stage. Over 21,400 candidates found placements in prestigious roles across developed nations and the GCC region. It is a no small feat. NSDC International's Skills Verification Program, which assessed more than 26,000 candidates in 15 job roles, helped build trust and reliability with international employers. Specialised training programmes, focused on language and industry-specific skills, prepared candidates for global markets, while strategic partnerships with countries like the UK and Germany opened new doors for India's workforce to shine internationally.

Back home, NSDC has made significant strides in digital transformation through the launch of the Skill India Digital Hub (SIDH). This comprehensive platform provides learners, from urban hubs

Key Achievements

NSDC has successfully implemented numerous initiatives aimed at transforming India's skill development framework. Some of the notable achievements include:

NSDC Academy: Collaborated with premier institutions like IITs to offer credit-linked certification programs, integrating skill development into higher education curricula.

NSDC International: Expanded international job opportunities for Indian candidates, deploying over 21,400 candidates to various international destinations.

Skill India Digital Hub (SIDH): Launched to provide a comprehensive digital platform for skill development, offering a range of online courses and resources.

JobX: A digital platform designed to connect job seekers with employers, enhancing employment opportunities through a streamlined and efficient process.

NSDC Trust: NSDC Trust is the brand name for our Digitally Verified Credential service, based on Verification-as-a-Service model. It will enable one-stop solution for hassle-free digital verification of individual's or, an entity's identity.

to rural corners, with access to online courses, resources, and skill development programmes. But SIDH wasn't just a platform for learning; it introduced advanced assessment tools to ensure the quality and relevance of the skills being acquired. The digital ecosystem was built with a focus on security and data privacy, ensuring that users could trust SIDH as their go-to source for career development.

JobX, NSDC's digital platform to connect job seekers and employers, also thrived in the Financial Year 2023-2024. With intelligent algorithms matching candidates to suitable jobs, JobX simplified the job search for millions. It is not just a place for job listings- it offers career guidance, coaching individuals on

how to navigate a fast-changing job market.

Employers too found immense value in JobX, using its tools to recruit top talent efficiently. The platform created an ecosystem where talent and opportunity met seamlessly, unlocking employment for countless individuals.

One of the most innovative breakthroughs came in the form of NSDC Trust, a service designed to build reliability in the skilling ecosystem. This Verification-as-a-Service model provided seamless credential verification for individuals and organisations, ensuring authenticity in their credentials.

Available through an app, NSDC Trust offered easy identity verification across platforms via API access, making it a one-stop solution for hassle-free verification. This service became a cornerstone for individuals and companies seeking credibility in their workforce, solidifying NSDC's commitment to building trust in the skilling domain.

NSDC's role in the G20 Future of Work initiative further underscored its leadership in preparing India's workforce for a rapidly changing global economy. As automation, AI, and other disruptive technologies reshaped industries, NSDC took on the challenge of reskilling and upskilling India's workforce.

Collaborating with industry leaders, NSDC identified critical skill gaps and tailored programmes to fill those gaps. Its engagement with policymakers ensured that the environment was ripe for innovation in education and employment, helping India stay ahead of the curve in the global future of work.

In the Financial Year 2023-2024, NSDC's commitment to building digital assets to support its mission became more apparent than ever. Platforms like SIDH and JobX doesn't just offer resources; they generated critical insights into skill development trends using data analytics.

This has allowed NSDC to stay informed and make decisions grounded in real-time data, ensuring that its programmes remained relevant and impactful. The integration of AI and machine learning into skill development programmes made learning more personalised and effective, preparing India's workforce for the jobs of today and tomorrow.

The story of NSDC's success in Financial Year 2023-2024 is one of transformation, innovation, and resilience. Whether through empowering students in emerging tech fields, opening doors for international employment, or creating trusted digital platforms, NSDC has left an indelible mark on India's skill development landscape. By blending technology with human potential, NSDC has positioned India as a global hub for skilled talent, ensuring that millions of individuals from diverse backgrounds are equipped to achieve their career aspirations.

The 2023-2024 is not just about numbers—it was about lives changed, industries transformed, and the promise of a brighter future fulfilled. NSDC's journey of empowering India continues, and its story of success is far from over.

■

Chapter 1

NSDC DIGITAL

1 Introduction

In a visionary move to propel India towards becoming the skill capital of the world, NSDC Digital is an initiative of NSDC, dedicated to driving digital transformation within the skilling ecosystem on a global scale. Positioned as a for-profit initiative, NSDC Digital is poised to play a pivotal role in revolutionising skill development, aligning with the Honorable Prime Minister Narendra Modi's vision for a skilled and empowered Indian workforce that stands tall on the global stage.

NSDC Digital is not just an initiative; it is a catalyst for change in the global skilling ecosystem. By synergizing the power of digital technology with the imperative need for a skilled workforce, NSDC Digital is set to make significant strides towards realizing the vision of making India the skill capital of the world. As NSDC Digital takes its first steps, it carries with it the promise of a brighter, more skilled future for individuals and nations alike.

2 NSDC Digital Overview

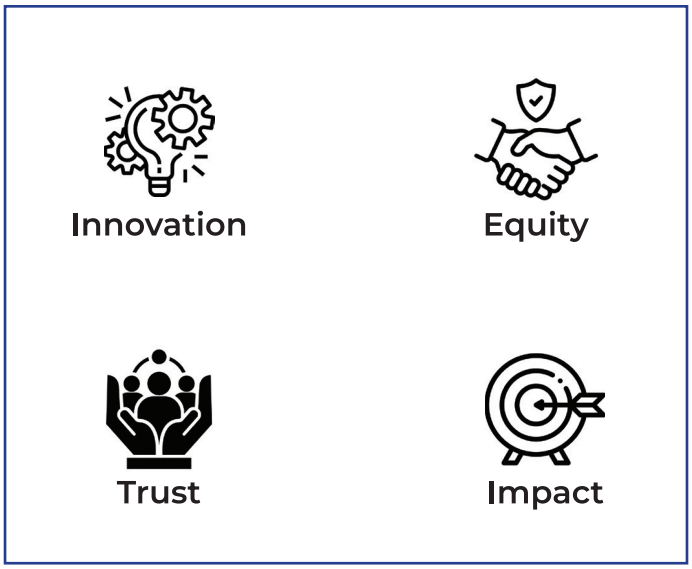

2.1 Vision

To build a Digital Skill Ecosystem focused on enhancing Accessibility, Affordability, Discoverability, Equity, and Trust.

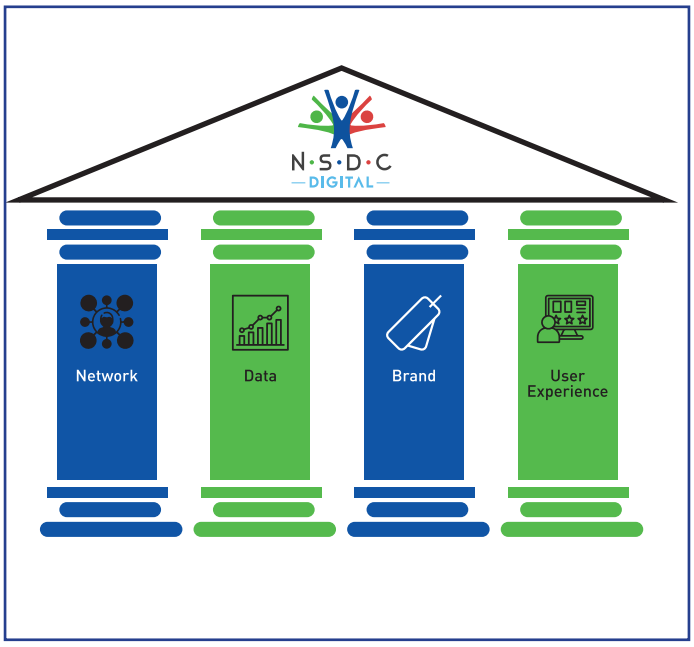

2.2 Mission 2030

Impacting 50 Million Lives Globally

2.3 Core Values

2.4 Strategic Pillars

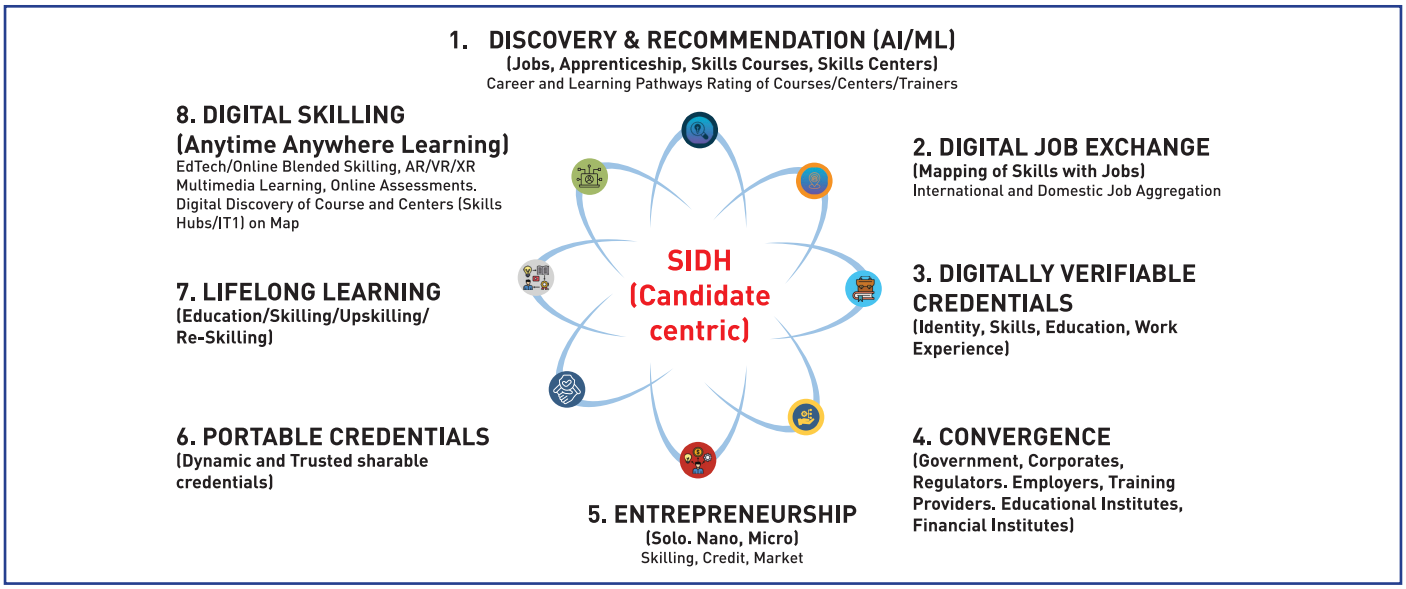

3 NSDC Digital Products

3.1 Skill India Digital Hub (SIDH)

SIDH is a comprehensive digital platform aimed at synergising and transforming the skills, education, employment, and entrepreneurship landscape of India. It embodies the aspirations and dreams of millions of Indians who seek better opportunities and a brighter future by providing industry-relevant skill courses, job opportunities, and entrepreneurship support. It is also a comprehensive information gateway for all government skilling and entrepreneurship initiatives in India – a go-to hub for citizens in pursuit of career advancement and lifelong learning. By providing industry-relevant skill courses, job opportunities, and entrepreneurship support, SIDH is designed to meet the evolving needs of India's diverse populace. It is a journey to build a skilled, empowered, and future-ready India. The platform aligns with the vision articulated in the G20 framework for building Digital Public Infrastructure (DPI) and the digital economy to promote digital skills and digital literacy.

SIDH as DPI and DPG

The Skill India Digital Hub (SIDH), formerly known as Skill India Digital (SID), has transformed into a

comprehensive skilling hub by integrating with various government systems and programs. To fully grasp the essence of SIDH, it is crucial to understand the philosophy behind SID and its origins.

Initially, SIDH served as a digital platform designed to promote and facilitate skilling as a complementary yet independent path to education. The platform was developed using microservices and open-source technologies to create registries for skilling, users, jobs, apprenticeships, and more. As the vision expanded, the integration with other schemes and portals became essential, leading to the addition of the term "Hub" to the platform.

SIDH is a Digital Public Infrastructure (DPI) with aspirations to become a Digital Public Good (DPG) as part of India Stack. As a DPG, the SIDH platform aims to be cloud-agnostic, easily deployable, configurable, extensible, maintainable, and manageable. SIDH plans to offer a sandboxed version of its core capabilities to the global community for widespread use as a DPG.

SIDH is now a part of India Stack. For more details visit *SIDH – India Global Stack (indiastack.global*

SIDH's Journey

SIDH started its journey with a commitment of being user-friendly. It aims to remove existing obstacles by offering an easy-to-use interface which is adaptable to various devices. This is ensuring that people from diverse backgrounds could access the platform effortlessly, regardless of the technology they had. In a country with many languages, SIDH is bridging the gaps by supporting multiple Indian languages, fostering inclusivity and a diverse learning environment for all the users.

The platform's mobile-first approach adapted to the modern era's reliance on smartphones which ensures uninterrupted learning experiences through handheld devices, transforming traditional learning methods and allowing users to engage with the platform's resources anytime and anywhere. This approach and SIDH's dedication to personalised discovery has opened doors to new learning possibilities. Users at SIDH can access comprehensive repository including skill courses, training centers, apprenticeships, books, job exchanges, and more. This consolidation has made accessing diverse resources very easy, while promoting holistic skill development. This has been possible because the platform is seamlessly integrated with services such as as DigiLocker, Aadhaar eKYC, eSHRAM, NAPS, and payment gateways into a single platform for user convenience. Apart from this, Interactive Digital Learning has become the heart of SIDH's offerings. From interactive modules to real-time assessments, the platform is empowering users to set their own learning pace.

A major breakthrough for secure access came with Aadhaar-based eKYC. This robust verification process became the foundation of Skill India Digital, ensuring only authenticated users benefit from the offerings. With this, the days of complex registrations and logins are over, as the platform offers one-step registration with mobile phone OTP verification. This innovation removed entry barriers, making it easy for individuals to start their learning journeys without unnecessary hassles.

SIDH collects users' data including their personal information, education qualification, employment details, certification details and more. Safeguarding the confidentiality and privacy of this information

is of utmost significance. SIDH remains dedicated to uphold the data privacy and security through encryption and secure storage mechanisms. The platform assures users that their personal details are well protected, thereby enhancing trust in the services it provides. The platform has extended its impact to simplify business processes. By integrating real-time systems like PAN, TAN and GST, the platform is streamlining business registration, taxation and compliance, empowering individuals personally and professionally. SIDH has evolved with time and has provided learning opportunity to users belonging to diverse background though an advanced LMS.

The comprehensive Learning Management System (LMS) stands as a cornerstone of SIDH's skilling infrastructure, serving as an important companion on users' quest for skill enhancement. It aims to transform talent acquisition, facilitate lifelong learning, and enable career advancement within a digital ecosystem. At its core, the SIDH's LMS is a central hub where users' skill-building journeys unfolds. It's a dynamic ecosystem that not only hosts educational content but also acts as a responsive and interactive platform. One of its primary functions is to track the progress of each learner. This means that every step, module, quiz, or assignment completed by the user is logged, analysed, and stored. Furthermore, the SIDH's LMS facilitates the seamless retrieval of certificates. Upon successful completion of courses, users can conveniently access their certificates, demonstrating their newly acquired skills and accomplishments.

In the current digital landscape, SIDH has pioneered a ground-breaking approach to showcasing individual's skills and qualifications. This innovation comes in the form of Digitally Verified Credential, a crucial component that has fundamentally transformed the way qualifications are exhibited and recognized. By introducing this cutting-edge feature, SIDH has redefined the traditional concept of qualification display, introducing a realm of security, authenticity, and convenience. The Digitally Verified Credential is a pivotal advancement that addresses a longstanding challenge in the domain of credentials and qualifications: ensuring users' credibility and integrity. In the past, physical certificates and credentials were susceptible to forgery, alteration, or loss. However, with this innovative approach, SIDH has harnessed the power of digital technology to offer a solution that is secure, tamper-proof, and verifiable. At its core, the Digitally Verified Credential empowers users to confidently present their qualifications, experiences and certifications in a digital format that carries an inherent layer of authenticity. Through robust encryption and verification mechanisms, the credentials are protected against unauthorised alterations, ensuring that what is presented accurately reflects the individual's achievements.

Furthermore, SIDH has extended this transformative concept through the introduction of Digital CVs via personalised QR Codes. This innovation utilises the widespread presence of smartphones and the technology of scanning QR codes to empower users in efficiently sharing their comprehensive credentials. With a simple scan, potential employers or partners can access a digital portfolio summarising an individual's skills, qualifications, experiences, and achievements. This digital representation not only saves time and effort but also ensures a consistent and professional presentation, free from the variability of paper-based documents.

Another important component of SIDH platform is its recommendation system which plays a pivotal role in the process of personalising learning pathways for users. This system is a crucial and integral part of the platform's overall functionality. At its core, the recommendation system utilizes AI/ML technologies to provide tailored and individualized suggestions to users. These suggestions are centered around optimizing their learning journey and career progression. This system is designed to make the learning experience more efficient, and effective for each user.

The recommendation system takes into account several key factors, primarily the user's skills and interests. By analysing and understanding the users' skill set, the system gauges the users' strengths and preferences. This analysis forms the foundation for generating personalised recommendations. The impact of this recommendation system is transformative. It's like having a digital mentor that guide individuals through their educational and professional growth. Instead of following a one-size-fits-all approach, users are presented with learning and career suggestions that align with their unique strengths and aspirations. This individualised guidance enhances their chances of success and fulfilment in their chosen paths.

Another important functionality is Skill India Map which is pivotal facet within the platform's ecosystem. This feature assumes a role of paramount importance by revolutionising the way users navigate and explore the opportunities. Its

Skill India Digital Hub possibilities

functionality is harnessed through the integration of geotagging and digital mapping technologies, culminating in a user-friendly tool that simplifies the process of locating skill centers, employment and apprenticeship opportunities within close proximity. By embedding location-specific information into the system's database, the Skill India Map is endowed with the capability to pinpoint and present skill centers, training facilities, employment prospects, and other skill-related avenues within a user's vicinity. These digital representations of physical landscapes allow users to visualise the geographic distribution of various skill-related resources.

In the realm of SIDH, the integration of timely updates has evolved into an indispensable aspect of users' experiences. These updates, communicated through various channels such as WhatsApp, email, and text messages, are instrumental in keeping individuals well-informed about critical stages of their engagement with the platform. This dynamic approach serves to enhance users' interaction with SIDH by proactively conveying important information related to registration, profile updates, course enrolments, upcoming batches, and more. The utilisation of multiple communication channels, such as WhatsApp, email, and text messages, demonstrates SIDH's commitment to accessibility and user convenience. These channels reflect a thoughtful recognition of the diverse ways individuals prefer to receive information. Whether users are more inclined towards instant messaging, email correspondence, or traditional text messaging, SIDH ensures that the updates reach them through their preferred mode of communication. This real-time guidance assists users in staying on track and adhering to necessary procedures. As a result, the potential for confusion or oversight is greatly reduced, leading to a more streamlined and efficient user experience. This proactive strategy also plays a pivotal role in enhancing users' motivation. Regular updates ensure that users are consistently reminded of their progress and potential growth opportunities. This can have a profound impact on their sense of accomplishment and enthusiasm for their learning journey. When users witness the tangible outcomes of their efforts and are kept informed about the next steps, they are more likely to stay motivated and committed to their goals.

One of the key strengths of SIDH lies in its comprehensive approach to training and skill development. The platform is designed to encompass all training programmes initiated by both central and state governments, as well as various departments. This strategic incorporation serves a dual purpose: to provide users with a holistic view of the extensive training efforts taking place across the nation and to facilitate the effective and efficient implementation of these programmes through a dedicated tool. By integrating government training programmes into SIDH, the platform endeavors to create a unified and centralised hub for skill development initiatives. This approach is rooted in the recognition that various government entities are actively involved in fostering skill enhancement across diverse sectors and regions. This allows government bodies to seamlessly add their

schemes and training programmes to the platform. Government entities can disseminate information about their initiatives, highlight key details, and provide necessary resources through a centralised platform, reaching a wider audience of potential beneficiaries. This data-driven approach facilitates evidence-based decision-making and continual programme improvement.

SIDH Impact

In conclusion, SIDH's story is about transformation and empowerment. It reflects the vision and evolution to meet diverse citizen needs. From personalised learning and secure authentication to business facilitation and convergence, SIDH stands as a beacon of innovation and progress. Its journey continues to inspire and empower, leaving an enduring impact on India's skilling and education ecosystem.

Control and Command Center

NSDC's Control and Command Center is a centralized hub designed to monitor the performance and operations of its training partners and centers across India in real-time. It leverages advanced technology and analytics to monitor training centers and related compliance with quality standards. The center provides a bird's-eye view of ongoing training activities, enabling NSDC to ensure that its partners adhere to prescribed guidelines and deliver impactful skilling programs. Real-time analytics and dashboards offer insights into the effectiveness of training initiatives, helping NSDC make data-driven decisions, improve operational efficiency, and swiftly address any issues or discrepancies across its vast network of partners.

3.2 NSDC Trust

NSDC Trust is the brand name for our Digitally Verified Credential service, based on Verification-as-a-Service model. It enables one-stop solution for hassle-free digital verification of individual's or, an entity's identity.

NSDC Trust is an app-based solution which is readily available for identity verification on any other app as well through API access.

It offers identity-check and mismatch in information across several government and non-government issued credentials. Individuals and organisations can begin their journey with us to build 'TRUST' in the skilling ecosystem.

The Problem of Authenticity

In today's increasingly digital and interconnected world, the authenticity and verification of credentials are paramount across various sectors such as education, employment, and professional certifications.

Traditional methods of issuing and verifying credentials are often fraught with inefficiencies, frauds, and delays. Employers, educational institutions, and certification bodies struggle with:

1. **Manual Verification Processes:** Lengthy and cumbersome manual verification of credentials leads to delays and increased operational costs.
2. **Credential Fraud:** The prevalence of forged or misrepresented credentials undermines trust and poses significant risks to organisations.
3. **Data Security Concerns:** Sensitive personal and professional information is often vulnerable to breaches and unauthorised access during the verification process.
4. **Lack of Interoperability:** Inconsistent standards and formats across different issuing bodies make it challenging to verify credentials seamlessly and reliably.

The Solution

Our solution addresses the critical need for a secure, efficient, and scalable method to issue and verify credentials digitally.

By leveraging cutting-edge blockchain technology, we provide a platform which ensures that credentials are tamper-proof, easily verifiable, and instantly accessible.

This not only enhances trust and transparency but also streamlines processes, reduces costs, and safeguards sensitive information.

NSDC Trust began its services by providing e-KYC services for candidates in the skilling ecosystem, along with PAN, TAN, and GST verifications for training institutions.

he services have enforced 'trust' into the skilling ecosystem and assisted stakeholders to engage transparently. With past success, all the verification services pertaining to individuals and entities were reimagined and introduced under 'NSDC Trust' for providing Digitally Verifiable Credentials.

NSDC Trust took a leap forward, and was launched at full-scale with 140+ credentials to identify and authenticate an individual's:

1. Proof of Identity
2. Proof of Education
3. Proof of Skills
4. Proof of Work
5. Proof of Finance

140+ checks covered across different categories

Aadhar | DL | Voter ID | Degree | Certificate | Court Record | PAN | GST | PNG Bill | Form 26AS | Social Check | UAN (EPFO) | Passport | Organization Verification | Bank Account verification | Liveliness Check | UPI | DIN | Digilocker | Skill Certificates | Assessment competency +100 more

The digitally verifiable credentials opened the world of education, skilling, employment, and finance, for individuals. Along with verifying individuals, NSDC Trust also provides digitally verifiable credentials for an entity. Some of these credentials include verification of nature of business, KYC of signatory authorities (or, directors), digital address verification, global debarment check, and on-field visit of the entity.

NSDC Trust has four building blocks, as mentioned below:

S.no	NSDC Trust Components	Desciption
1.	Open Trust Network (OTN)	A public permission decentralised network of verifiable credentials built using W3C open standards. The network ensures integrity, global-interoperability, and user-centricity of the credentials.
2.	Skill Pass Mobile Application	Skill Pass is a consumer credential wallet, that securely stores individual verifiable credentials and empowers them with granular control over their digital footprint.
3.	API Stack	A collection of trusted endpoints to easily issue and verify credentials.
4.	Verification Suite	A one-stop credential verification tool covering 140+ credentials in different categories. The web-based tool provides flexibility to organisations to custom design their verification flows for an individual.

Unique Features of NSDC Trust

1. **Consent-based sharing:** Holder consent is sought for sharing of credentials with a toggle feature for sharing.
2. **Provable authenticity:** Tamper-proof credentials from source with cryptographically verifiable authorship.
3. **Portability & interoperability:** To be built on open API Standards with QR code enabled reusable, and globally verifiable credentials.
4. **Enhanced security:** Verifiable credentials to be stored and transmitted using blockchain technology.

Benefits & Outcomes

1. **Streamlined Verification Process:** NSDC Trust's robust process of digitally verifiable credentials can lead to a more efficient and accurate verification process. This can reduce the administrative burden on institutions and improve the experience for end-users.
2. **Enhanced Security:** NSDC Trust has robust security measures in place to protect the integrity of digital credential verification, reducing the risk of fraud or tampering.
3. **Improved User Experience:** Digital credential verification solutions provided by NSDC Trust may offer a user-friendly experience for both institutions and the credential holders. This can lead to increased satisfaction and engagement.
4. **Compliance and Data Protection:** NSDC Trust can provide guidance and support to ensure that the verification process complies with relevant regulations and data protection laws, reducing the risk of legal issues.
5. **Time and Cost Savings:** Automation and standardisation of the credential verification process will save time and resources for verifier entities, enabling staff to focus on other critical tasks.

6. **Reduced Fraud:** Implementing a trusted digital verification system, like NSDC Trust, can help in reducing the prevalence of credential frauds and ensuring the authenticity of academic credentials.

Benefits & Outcomes

1. **Streamlined Verification Process:** NSDC Trust's robust process of digitally verifiable credentials can lead to a more efficient and accurate verification process. This can reduce the administrative burden on institutions and improve the experience for end-users.

2. **Enhanced Security:** NSDC Trust has robust security measures in place to protect the integrity of digital credential verification, reducing the risk of fraud or tampering.

3. **Improved User Experience:** Digital credential verification solutions provided by NSDC Trust may offer a user-friendly experience for both institutions and the credential holders. This can lead to increased satisfaction and engagement.

4. **Compliance and Data Protection:** NSDC Trust can provide guidance and support to ensure that the verification process complies with relevant regulations and data protection laws, reducing the risk of legal issues.

5. **Time and Cost Savings:** Automation and standardisation of the credential verification process will save time and resources for verifier entities, enabling staff to focus on other critical tasks.

6. **Reduced Fraud:** Implementing a trusted digital verification system, like NSDC Trust, can help in reducing the prevalence of credential frauds and ensuring the authenticity of academic credentials.

Goals

1. **Universal Adoption and Integration**

   We envision a world where digitally verifiable credentials are universally adopted across industries, including education, healthcare, finance, and employment. Seamless integration with existing systems will ensure that credentials can be issued and verified effortlessly, regardless of the platform or geographic location.

2. **Enhanced Security and Privacy:** Our future vision prioritises the highest standards of security and privacy. Leveraging advanced blockchain technology and cryptographic techniques, our solution will provide tamper-proof credentials that protect personal data and prevent fraud. Users will have complete control over their credentials, sharing them securely and selectively as needed.

3. **Interoperability and Standardization**

   We aim to establish and promote global standards for digitally verifiable credentials to ensure interoperability between different systems and platforms across the globe. This will facilitate a more cohesive ecosystem where credentials from various issuers can be easily verified by different verifiers worldwide.

4. **Streamlined Processes and Efficiency**

   Our solution will drastically reduce the time and resources required for credential issuance and verification. Automation and real-time verification will replace manual processes, resulting in faster, more accurate, and cost-effective operations for organizations and individuals alike.

5. **Empowerment and Accessibility**

   We aspire to empower individuals by providing them with immediate access to their credentials and the ability to share them conveniently. This will enhance opportunities for education, employment, and professional growth, particularly in underserved communities.

6. **Trust and Transparency**

   By building a transparent and verifiable system, we will foster greater trust among all stakeholders, including credential issuers, holders, and verifiers. This trust will be crucial in creating a reliable and respected framework for digital credentials globally.

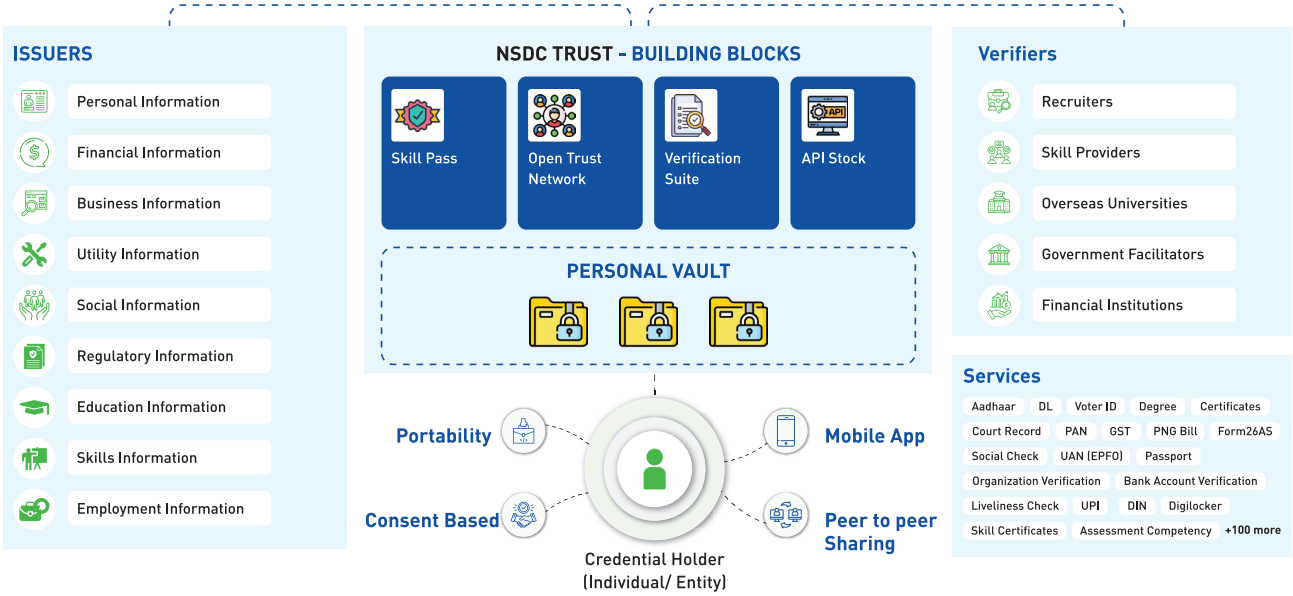

7. **Innovation and Continuous Improvement**

   We are committed to continuous innovation, leveraging emerging technologies such as AI and machine learning to enhance the functionality and user experience of our credentialing system. This will ensure our solution remains at the forefront of the digital transformation in credential management.

Past Successes

1. Created a single unified platform as NSDC Trust, for all verification needs, eliminating the hassle of managing multiple systems.

NSDC Trust: Digitally Verifiable Credentials

Data Interoperability | Global Verifiability | Privacy Preserving | Consent-Driven | Security

2. With access to over 140+ credentials across various categories including education, employment, identity, criminal records, bank accounts, and more, our platform ensures thorough verification of candidates.

3. Created fully automated workflows, guaranteeing the fastest turn-around-times in the industry. Minimised manual processes and enhanced efficiency.

4. Built direct integration with various government databases, facilitating swift pre-employment verifications, and ensuring data accuracy.

5. NSDC Trust Platform is a fully compliant solution, with robust features for digital consent recording, ensuring adherence to regulatory requirements.

Future Vision

Our vision is to become the global standard for digitally verifiable credentials, transforming the way credentials are managed and verified. By fostering trust, enhancing security, and streamlining processes, we aim to create a future where individuals and organisations can confidently and efficiently navigate the digital world.

3.3 NSDC JobX

NSDC JobX is a pioneering initiative by the NSDC, designed to bridge the gap between job seekers and employers, both domestically and internationally. The platform has successfully attracted over 2,000 employers who have posted more than 12 lakh vacancies, making NSDC JobX a vital resource for employment opportunities across various sectors.

Key Features for Employers

I. **Comprehensive Job Application Management:** NSDC JobX offers a complete end-to-end solution for job application management. Employers can effortlessly post vacancies, review applications, shortlist candidates, and upload offer letters—all within the platform.

II. **B2B Solutions:** Employers can leverage NSDC JobX's B2B capabilities to post organisational hiring requirements and manage the entire application process. This ensures a streamlined recruitment experience, tailored to the specific needs of each organisation. Top Brands like Burger King, Flipkart, Genpact, Dixon Technologies, Zepto, Barbeque Nation, Tata Motors, Shahi Exports, Reliance Jio Infocomm etc have posted their requirements. About 60% of the jobs listed on JobX are posted by direct employers.

III. **B2B2C Opportunities** NSDC JobX also supports B2B-B2C solutions through its "Employment Linkages" project. Leading staffing companies

utilise the platform's services to source candidates and manage the entire selection process, demonstrating the platform's versatility and value in large-scale recruitment efforts.

IV. **Strategic Partnerships** To enhance its reach and make NSDC JobX a one-stop solution for job seekers, NSDC has formed strategic partnerships with other prominent job platforms such as Apna, Qjobs, Teamlease, TCS iON, and Internshala. These integrations expand the availability of job opportunities, offering a seamless experience for both employers and candidates.

Key Features for Candidates

I. **Access to Domestic and International Opportunities:** Job seekers have access to a wide range of job opportunities both within India and abroad.

II. **Personalised Job Matching:** After registering and completing their profile, candidates benefit from a recommendation engine that provides job matches based on their skills and preferences.

III. **User-Friendly Filters:** The platform includes quick search filters, such as sector and location, enabling candidates to easily find relevant jobs.

NSDC JobX stands as a robust platform that not only connects job seekers with potential employers but also provides a scalable solution for organizations and staffing companies to manage their recruitment processes effectively. Its strategic partnerships and innovative features make it a key player in the job market, catering to the needs of both B2B and B2B2C segments.

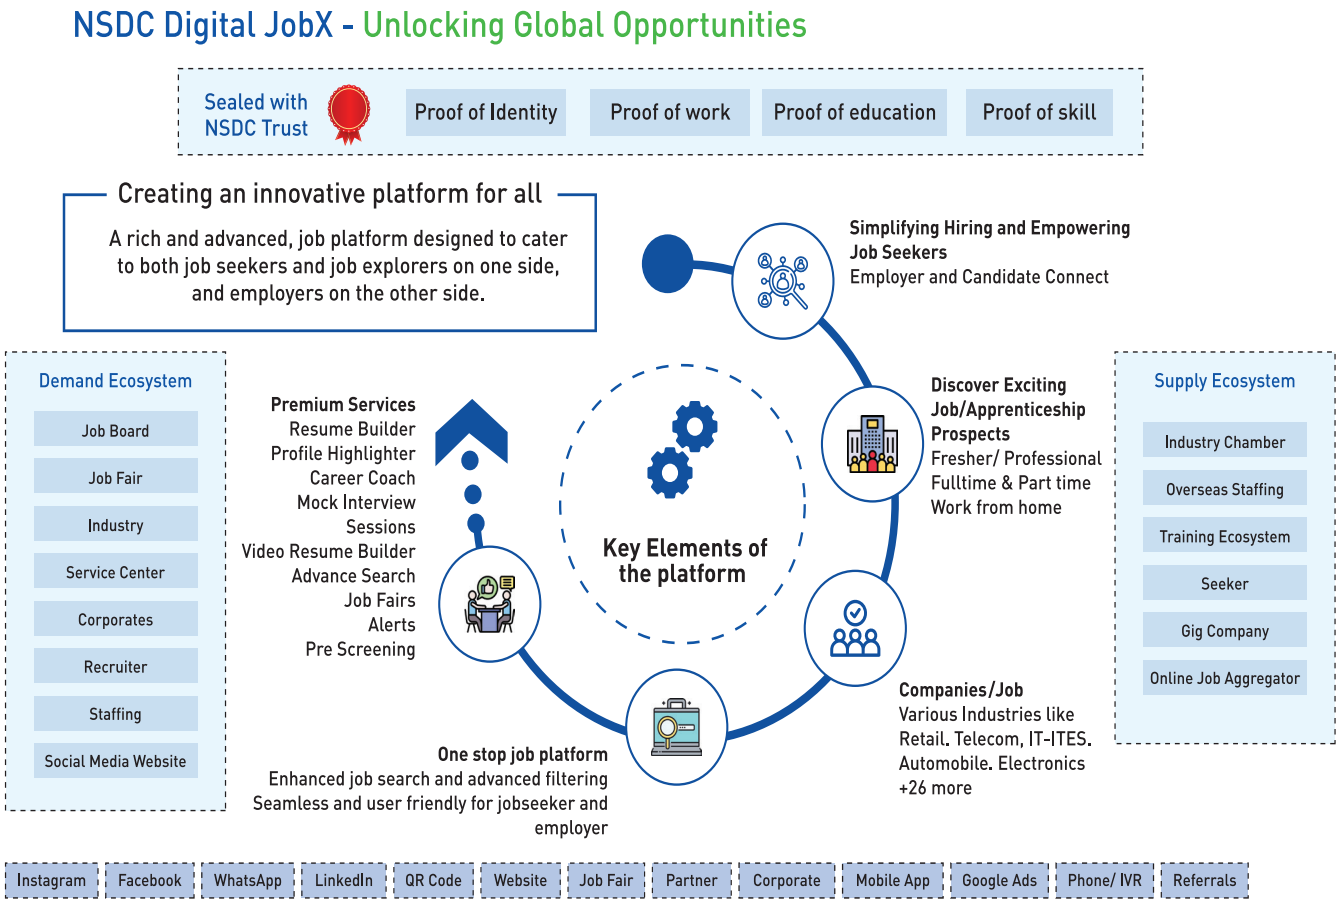

NSDC JobX Impact

Successful launch of NSDC Job X platform for domestic and international employment mobility. Impact Created:

i. 1300+ companies onboarded across 43 industries

ii. 4600+ job postings with 4.5 lakhs+ opportunities

iii. 3.3 lakhs+ registered professionals

4 Innovation

4.1 NSDC Digital Assess - Building Digital Skill Assessments for Competency and Proficiency

NSDC Digital Assess aims to revolutionize skill assessment by providing hardware-based simulations that offer realistic, immersive learning experiences. This approach benefits various stakeholders in the skilling ecosystem:

I. Training Institutions can deliver assessments that accurately measure both theoretical knowledge and practical skills, enhancing the quality of training programs.

II. Employers benefit from targeted feedback and insights into candidates' real-world abilities, improving the hiring process by identifying job-ready talent more efficiently.

III. Learners gain personalised skill development insights, enabling them to focus on specific areas of improvement and increasing their employability.

IV. Government bodies can use the system to measure competency and proficiency at a national scale, supporting workforce readiness in emerging industries. This solution reduces hiring costs, enables scalability, and helps stakeholders identify skill gaps, fostering a more skilled workforce aligned with industry demands.

4.2 NSDC Digital Finance: Blended Finance Solution

NSDC Digital Finance offers a comprehensive financing solution designed to support the sustainability and scalability of skilling initiatives. By blending various funding models such as grants, scholarships, and skill vouchers, it ensures financial inclusivity and accessibility:

I. Government and private sector can collaborate seamlessly to fund large-scale skill development programs, enabling widespread access to training.

II. Training providers benefit from secure, direct, and transparent payment systems, reducing financial leakages and improving fund management.

III. Students and learners gain access to diverse funding options such as scholarships and skill vouchers, making high-quality education and training more affordable.

IV. Financial institutions can actively participate in the skilling ecosystem by offering impact financing for socially-driven initiatives. This flexible finance platform promotes innovation, ensures risk mitigation, and fosters sustainable development across the skilling landscape.

4.3 NSDC Digital Content Exchange: AI Enabled Personalized Content

The NSDC Digital Content Exchange transforms learning through AI-enabled personalised content creation, delivering tailored course materials to individual users based on their preferences and needs:

I. Learners benefit from highly customised learning paths that align with their goals and skill levels, significantly improving engagement and outcomes.

II. Trainers and educators can leverage AI tools to create targeted content that caters to the diverse learning styles and requirements of their students.

III. Educational institutions will see improved student performance through adaptive learning models, while reducing manual efforts in curriculum design.

IV. Employers can expect job-ready candidates whose learning paths are directly aligned with market demands, shortening the time required for onboarding and training. By integrating crowd-sourced content and advanced algorithms, the platform ensures that learning is not only accessible but also continuously evolving to meet the needs of the modern workforce

4.4 NSDC Digital Insight: Unlocking Market Potential to Build Skill Ecosystem

NSDC Digital Insight is a powerful tool for driving market growth by identifying skill gaps and aligning training with industry needs. This initiative benefits stakeholders at all levels of the skilling ecosystem:

I. Government and policy makers can make data-driven decisions, optimising policy impact and adjusting training initiatives based on real-time market insights and global skill benchmarking.

II. Industry and corporates can engage in strategic collaborations to align workforce development programs with the skills they require, creating a robust talent pipeline.

III. Training institutes and startups gain insights into emerging skill demands, helping them tailor their courses to meet industry needs and improve their training effectiveness.

IV. Research institutions can leverage this data for advanced studies on workforce trends, helping stakeholders anticipate future skill requirements and evolving job roles. The tool promotes a thriving skill ecosystem by fostering collaboration, optimising training effectiveness, and enhancing global competitiveness through benchmarking and continuous improvement.

5 Process Excellence

5.1 ISO/IEC 27001:2022

NSDC is proud to announce its achievement of the ISO/IEC 27001:2022 certification, a significant milestone underscoring its unwavering commitment to information security and excellence. This achievement exemplifies NSDC's dedication towards stringent information security measures, guaranteeing quality standards in safeguarding information.

The ISO/IEC 27001:2022 certification is a globally recognised standard for Information Security Management Systems (ISMS), validating organizations' ability to implement rigorous security protocols to safeguard sensitive data. Attaining this certification signifies NSDC's dedication to upholding the highest standards of information security, fostering trust among stakeholders and partners.

In December 2022, NSDC initiated its journey towards the certification by undertaking a thorough evaluation of its Information Security Management System (ISMS) in accordance with the rigorous standards outlined in the ISO/IEC 27001:2022. The major focus areas of the assessment included identifying and evaluating risks to NSDC's information security, vulnerabilities, the potential impact along with developing and executing risk treatment plans to effectively mitigate or manage these identified risks.

On this achievement, Mr. Ved Mani Tiwari, CEO, NSDC and MD, NSDC International, said, "At NSDC, we go beyond imparting skills, our mission is to cultivate well-rounded professionals capable of navigating the demands of future careers. And central to this mission is the steady commitment to upholding stringent security measures, ensuring the safety of individuals' data. With this, the ISO/IEC 27001:2022 certification not only instills confidence in us but also marks our dedication to achieve excellence. This certification is a testament to our relentless efforts to ensure the safety and integrity of sensitive information. The attainment of this certification reaffirms NSDC's position as a leader in the field of skill development and underscores its commitment to fostering a secure environment for all stakeholders. It signifies the culmination of 15 months of constant dedication and collective effort from the entire NSDC team."

Going forward, NSDC will implement yearly surveillance audits, ensuring sustained alignment with the ISO/IEC 27001:2022 standard. This standard sets an exemplary industry precedent, underscoring the paramount importance of prioritizing information security and data privacy into day's digital landscape. As NSDC continues to empower individuals with essential skills for the future workforce, this certification serves as a testament to its unwavering commitment to excellence, integrity, and security.

5.2 Enhanced security with our Security Operations Centre (SOC)

We are proud to announce the kick off Security Operations Centre (SOC) for SIDH – a cornerstone for ensuring the platform's security. It focuses on preventing, detecting, analyzing, and responding to cybersecurity incidents, thereby safeguarding the operations of SIDH. This initiative is a significant step towards providing a secure environment for all SIDH users.

i. Continuous monitoring and detection

The SOC continuously monitor the platform, detecting potential security threats in real-time. This ensures that any suspicious activity is identified and addressed promptly.

ii. Incident response and analysis

With the SOC in place, SIDH is equipped to respond swiftly to cybersecurity incidents. The team analyses incidents thoroughly to mitigate risks and prevent future occurrences.

iii. Enhanced security posture

The SOC plays a critical role in improving SIDH's overall security posture. By regularly assessing vulnerabilities and implementing robust security measures, it fortifies the platform against evolving cyber threats.

iv. Proactive prevention

Beyond detection and response, the SOC focuses on preventing cyber threats. It employs advanced security protocols and continuous improvement strategies to safeguard user data and platform operations.

6 NSDC Business Optimisation via Digitalisation/Digitisation

NSDC is an organisation which believes in digital-first approach. To enhance its efficiency and scalability, NSDC implemented Zoho, a suite of cloud-based business applications, for digitalising its core business processes. This move aimed to modernise its operations, streamline workflows, and improve overall performance.

The primary goals of NSDC's digitalisation effort using Zoho included:

I. Automation of manual processes: Reduce reliance on manual, paper-based processes.

II. Streamlining workflows: Improve coordination among departments and stakeholders.

III. Data centralisation: Enable centralised access to data for better decision-making.

IV. Efficiency and scalability: Support NSDC's growing scale and geographical reach by automating repetitive tasks.

V. Enhancing collaboration: Facilitate smoother internal and external collaboration among teams and partners.

Key Zoho Modules Implemented:

I. **Zoho CRM:** Used to manage and track relationships with training partners, vendors, and other stakeholders. It also provides detailed insights into engagement metrics, making it easier to drive targeted initiatives.

II. **Zoho People:** Digitised HR management, including employee onboarding, attendance tracking, leave management, and performance appraisals.

III. **Zoho Projects:** Enhanced project management across various departments, enabling efficient resource allocation, project tracking, and real-time collaboration.

IV. **Zoho Expense:** It automates the process of recording, tracking, and approving business expenses. It allows employees to easily log their expenses by scanning receipts, while managers can review and approve them in real-time. Zoho Expense integrates with various accounting software, making financial reconciliation easier.

V. **Zoho Analytics:** Empowered NSDC to create customized reports and dashboards for monitoring performance metrics, project progress, and impact assessments.

Impact of Zoho Implementation on Business Processes:

1. Improved Efficiency:

a. Automated workflows: Tasks that were previously manual and prone to errors (e.g., data entry, partner onboarding) have been streamlined through Zoho CRM and People.

b. Faster communication: Zoho's integrated communication tools have improved internal and external communication, allowing departments to share updates and respond to issues promptly.

c. Quick decision-making: With access to real-time data and customizable reports from Zoho Analytics, decision-makers can track progress, identify bottlenecks, and adjust strategies accordingly.

2. Enhanced Collaboration:

a. Cross-departmental coordination: Zoho Projects allowed for real-time project collaboration across teams, ensuring that multiple stakeholders could work on a single project while keeping track of tasks and deadlines.

b. Stakeholder engagement: Zoho CRM enabled NSDC to engage with its partners more effectively, providing better visibility into their activities, training outcomes, and compliance.

3. Data-Driven Decision Making:

a. **Centralised data access:** Zoho Analytics provided NSDC with a unified view of its operations. Decision-makers can now pull detailed reports, such as progress on skilling initiatives, training center performance, and resource allocation, enabling them to make informed decisions.

b. **Customised reports:** Tailored reports and dashboards provide insights on key performance indicators (KPIs) such as project status, budget utilisation, and the impact of skilling initiatives.

4. Scalability and Flexibility:

a. **Adaptability to scale:** Zoho's cloud-based applications have allowed NSDC to scale its operations without heavy infrastructure investments. The system supports additional users, projects, and data as NSDC's reach expands.

b. **Tailored modules:** Zoho's flexible design allowed NSDC to customise modules to suit specific needs, such as the management of training programs and compliance tracking for its partners.

5. Cost and Time Savings:

a. **Reduced operational costs:** By minimising manual tasks and reducing paperwork, Zoho has helped NSDC lower operational costs associated with administrative processes.

b. **Time efficiency:** Automated workflows save time on repetitive tasks like document approval and report generation, allowing teams to focus on higher-value tasks.

6. Transparency and Accountability:

a. **Tracking and reporting:** With Zoho's ability to track actions and maintain detailed logs, NSDC has increased transparency in its operations. Managers can monitor task completion, delays, and reasons for project bottlenecks, thus promoting accountability.

b. **Grievance management:** Zoho Desk has simplified the process for managing and resolving grievances, leading to faster issue resolution and improved partner satisfaction.

7 Partnerships

World Education Services: Credential Verification Services via NSDC Trust

World Education Services (WES) and NSDC have partnered to streamline the digital verification of academic credentials from Indian institutions to WES. This collaboration enhances global mobility by ensuring secure and transparent credential transfer using blockchain technology, minimising fraud risk. Esther Benjamin, CEO of WES, highlighted the partnership's role in advancing opportunities and inclusion globally. Mr. Ved Mani Tiwari, CEO of NSDC, emphasised the transformative potential of this partnership in facilitating the swift and secure transfer of academic records, empowering Indian students and professionals worldwide.

Ministry of Technical & Higher Education, Sierra Leone

NSDC and MTHE, Sierra Leone have collaborated to enhance youth skills with NSDC's digital solutions. This project, aligned with Sierra Leone's development goals, updates curricula, improves training and certification, and partners with employers to boost employment prospects. NSDC shall provide, 'Skill Sierra Leone Digital Platform (SSLDP)', to support & align with these efforts.

Talent Corporation Malaysia Berhad

The collaboration aims to develop Malaysian youth through digital solutions aligned with national priorities. TalentCorp, with NSDC, will adopt global best practices to address market demand for new-age skills, revamp Malaysia's TVET system via a digital platform, and ensure verifiable credentials for Indian citizens, strengthening workforce development between India and Malaysia.

BCG: Elevating Skills and Careers with BCG

SIDH's partnership with the Boston Consulting Group (BCG) is set to catalyze digital learning in India by introducing an array of BCG's paid digital courses on SIDH. The courses, covering vital areas such as Leadership, Business Foundations, Strategic Consulting, Gen AI, Climate & Sustainability, and Digital Transformation, are designed to meet the evolving skill needs of today's workforce. With joint certification provided by BCG and NSDC, and the future introduction of paid online mentoring sessions, this partnership solidifies SIDH's commitment to empowering India's workforce with cutting-edge skills and knowledge. It is a milestone for India to become a global skills hub, enhancing career opportunities and fostering an ecosystem of

continuous learning and development.

TimesPro: Unlocking new horizons for career growth

SIDH's partnership with TimesPro is aimed at enriching India's skill ecosystem and enhancing career opportunities across sectors. This collaboration is set to leverage TimesPro's network of 60+ centers nationwide, offering counselling, training, and career guidance to non-graduate students and preparing them for the corporate world.

Moreover, the partnership will introduce industry-linked online certificate courses and app-based language training programs on SIDH, covering vital sectors such as BFSI, e-Commerce, technology, logistics, and hospitality.

These initiatives are designed to empower over 50,000 learners with the skills needed for successful placements and career advancements, while also addressing the critical demand for language proficiency in the global job market.

Unstop: A significant step towards Digital Hiring

SIDH's strategic partnership with Unstop, an Early Talent Engagement & Hiring Platform, will facilitate numerous virtual hiring drives via SIDH platform, curated by NSDC, to seamlessly connect companies with a vast pool of entry-level talent, including white and grey-collar job seekers. The partnership also amplifies job discovery and visibility, with Unstop and NSDC JobX synergistically cross-posting job opportunities to maximise reach for aspirants. Unstop will integrate its extensive suite of free upskilling and practice tools into SIDH, granting learners unfettered access to a wealth of resources including courses, coding challenges, and interview preparation materials.

Unstop's diverse range of assessments, trusted by over 22 million users, will be available on SIDH, enabling employers to conduct comprehensive initial screenings of candidates. The partnership will also introduce Unstop Pro's upskilling courses to the SIDH platform, covering sought-after next-generation skills like AI, Data Science, and Blockchain. Finally, Skill India Digital Hub and Unstop will jointly roll out co-branded, placement-assured training programs, with a focus on the banking sector.

Google: SIDH and Google India unite for Digital Literacy

SIDH's partnership with Google India is set to advance digital literacy in India by integrating Google's technologies and platforms, including Google Workspace, Google Cloud Platform, and Google's GenAI, into the Skill India Digital Hub ecosystem. Key features of this initiative include AI-enabled tutors, virtual assistants, and auto-assessments to enhance the learning experience. Additionally, Google's prowess in content translation, transcription, and search capabilities will be incorporated into SIDH, broadening access and ease of use for users across India. This partnership will also focus on boosting digital identity and productivity for administrators, trainers, and learners, while offering a suite of Google-certified online courses in areas such as AI, cloud literacy, and employability.

UpGrad: Advancing careers through online upskilling

SIDH's alliance with UpGrad Education Private Limited is set to offer a range of career-oriented courses in burgeoning domains such as data science, digital marketing, and machine learning, all through SIDH. Embracing a blended learning approach that includes live lectures, interactive sessions, and practical projects, this partnership with UpGrad is poised to deliver an immersive, high-quality educational experience to Indian students and professionals looking to elevate their careers. With SIDH and UpGrad joining forces, candidates will benefit from co-branded certifications upon course completion, marking their achievements and enhancing their professional credibility in an increasingly digital workplace.

IIT Guwahati: Shaping the Future of Semiconductor Talent

SIDH, in a pioneering tri-party partnership with Logicknots and the Indian Institute of Technology (IIT) Guwahati, is set to revolutionise the semiconductor industry's talent pool in India. This collaboration brings together the academic excellence of IIT Guwahati, the innovative enterprise solutions of Logicknots, and the robust digital platform of SIDH, to offer industry-linked certification courses and work-embedded programmes. Key highlights include jointly leveraged online certificate courses in the electronics domain, academic and practical guidance from IIT Guwahati, and hands-on online labs and toolkits from Logicknots. Tailored for different proficiency levels, these courses aim to significantly enhance employability by equipping

aspirants with industry grade skills and direct access to essential EDA tools, marking a significant step forward in addressing the skill gap in the semiconductor design engineering sector.

Infosys: SIDH partners with Infosys for Future-Ready learning solutions

The collaboration with Infosys introduces Infosys Springboard to the SIDH platform, a comprehensive learning solution offering over 15,000 courses and 22 video proctored certifications at no cost. The partnership will enable access to the Infosys Choice Based Credit System (CBCS), featuring industry electives and MOOCs, handson certifications for new age IT roles, professional skills development courses, mentor-led virtual internships, and tailored career paths for non-engineers aiming to enter the IT industry. This collaboration opens up new horizons for learners across the country, fostering an ecosystem of continuous growth and skill development in alignment with the demands of the global workforce.

Skill Up for BFSI: HDFC Ergo on SIDH

SIDH has partnered with HDFC ERGO to provide industry-relevant digital learning courses for Indian youth. Through this collaboration, HDFC ERGO will leverage SIDH's extensive user base to reach a wider audience of potential candidates, while SIDH will expand its course offerings to meet the growing demand for BFSI skills. HDFC ERGO will benefit from SIDH's ability to track learner progress, and issue certificates. This initiative aligns perfectly with SIDH's mission of connecting learners with industry-demanded skills and HDFC ERGO's commitment to empowering future generations within the BFSI industry.

Home Management and Care Givers Sector Skill Council (HMCGSSC)

We are thrilled to announce a new partnership with the Home Management and Care Givers Sector Skill Council (HMCGSSC) to empower domestic workers! SIDH platform will provide high-quality online courses tailored to the specific needs of Domestic Worker Sector. HMCGSSC's expertise will guide curriculum development, while SIDH's advanced Learning Management System (LMS) will deliver the training, provide insightful analytics on course progress. This innovative partnership signifies a significant step forward in empowering and upskilling the domestic workforce, a crucial but often overlooked sector that contributes significantly to the Indian economy.

Enhancing legal education with Manupatra Academy

SIDH is thrilled to announce a strategic partnership with Manupatra Academy, a leader in online legal resources for over 20 years. Manupatra Academy provides self-paced courses across various legal fields, benefiting law students and professionals alike. Through this collaboration, NSDC and Manupatra Academy aim to create a robust portfolio of skill-based legal courses, equipping students with essential knowledge and competencies. This partnership will encourage legal aspirants to excel in their careers, fostering a well-informed and skilled legal fraternity.

Elevating Learning: SIDH partners with Tutorials Point

We are thrilled to announce a dynamic new partnership between SIDH and TutorialsPoint, a globally recognised leader in online learning. As a Digital Learning Partner, TutorialsPoint will provide both paid and free courses focused on the IT/ITES sector. This collaboration aims to enhance the skilling ecosystem by delivering top-notch, career-oriented educational content, empowering learners with the knowledge and skills needed to thrive in the digital world.

8 Global Spotlight

8.1 ILO: SHAPING THE FUTURE OF SKILLING

At the recent Global Skills Forum organised by the International Labour Organization in Geneva, SIDH was prominently featured. One of the plenaries this year focused on the theme 'Human-centered digital transformation of skills development', where Shreshtha Gupta, Chief Technology Officer of the NSDC, India, illuminated the significant impact of SIDH on India's skilling ecosystem and its potential to address various global challenges in skills development. Furthermore, SIDH's modular structure of registries, which is designed for adaptability and can be easily migrated or ported to other countries, tailoring it as per local needs and relevance. This flexibility is crucial for international skill harmonization. The session highlighted how SIDH is poised to become a central figure in international efforts to modernize, harmonize, and elevate global skill standards, thereby enhancing workforce capabilities across borders. The discussions from the forum are expected to spearhead initiatives for

transnational collaborations that leverage digital transformations to enhance the global workforce.

8.2 World Bank: Skill India Digital Hub ignites international interest

The global skilling and educational fraternity turned its eyes to India at the 'India Summit on Education Knowledge Exchange,' organised by the World Bank in Delhi on February 14, 2024. Delegates from multiple nations including Benin, Burkina Faso, Cameroon, Central African Republic, Cote d'Ivoire, Ghana, Guinea, Liberia, Mali, Mauritania, Nigeria, Sierra Leone, and Togo congregated to delve into the success saga of SIDH — a narrative of innovation, operational excellence, and impactful learning.

The discourse on SIDH spurred further action, leading select ministers to the NSDC for a focused meeting. Here, the discussions focused on leveraging technology to spearhead educational and skill development initiatives, highlighting a unified drive towards nurturing global educational excellence.

8.3 G20 Summit

SIDH's alignment with the G20 framework for building Digital Public Infrastructure (DPI) and the digital economy is a step towards promoting digital skills and literacy. The focus on digital technology and Industry 4.0 skills positions India to make skill development more innovative, accessible, and personalised.

9 A Historic Milestone for Skill India Digital Hub

On January 24, 2024, SIDH was showcased to the President of India, Smt. Droupadi Murmu. The brief showcase focused on how SIDH is bridging the digital divide and ensuring that skilling, educational and entrepreneurial opportunities reach every corner of India, including the most resource-scarce regions. Furthermore, SIDH integrates skilling, education, employment, and entrepreneurship, thereby impacting lives across the nation.

One of the foremost objectives of SIDH is to make opportunities more accessible and inclusive. In this vein, the Skill India Map informs users across the country of skilling centres, educational institutes, jobs and apprenticeship opportunities in different states and districts.

With courses offered in multiple languages, the initiative is a leap towards overcoming traditional barriers to access, highlighting its importance in driving India toward a future-ready stance.

10 Future Outlook

The future outlook for NSDC Digital is poised for rapid transformation, driven by continuous innovations in technology and digital skilling platforms. As the digital economy grows, NSDC Digital is focused on integrating emerging technologies such as AI, machine learning, blockchain, and augmented reality into its skilling ecosystem. These innovations aim to create personalised learning experiences, improve access to resources, and ensure that learners are equipped with future-ready skills that align with industry demands. SIDH will serve as the cornerstone of this transformation, expanding its capabilities to support millions of users with diverse backgrounds and skill levels.

Key Future Trends, Opportunities, and Challenges for NSDC Digital include:

1. AI-Driven Personalized Learning:

Leveraging AI-powered recommendation systems to provide tailored learning paths based on users' skills, preferences, and career aspirations. This technology will act as a digital mentor, optimising learning outcomes and enabling individuals to upskill efficiently.

2. Blockchain for Credentialing:

Expanding the use of Digitally Verified Credentials powered by blockchain technology to enhance the credibility, security, and portability of certifications. This will ensure tamper-proof and verifiable qualifications, promoting trust among employers and international stakeholders.

3. Global Collaboration and Expansion:

NSDC Digital plans to scale globally by offering SIDH as a Digital Public Good (DPG) to other countries. This global outreach aligns with international frameworks like the G20's Digital Public Infrastructure (DPI), creating opportunities for cross-border skilling partnerships and harmonising skill standards.

4. Gamified Learning and AR/VR Integration:

Future innovations include gamifying the learning experience and incorporating augmented reality (AR) and virtual reality (VR) tools to create immersive skill-building environments, particularly in sectors

like healthcare, manufacturing, and retail.

5. Seamless Integration with National Ecosystems:

NSDC will continue to integrate its platforms with key government services such as Aadhaar, DigiLocker, and eKYC to streamline user verification, course enrollment, and certification processes, ensuring seamless interactions with national systems.

6. Data-Driven Insights and Predictive Analytics:

The expansion of real-time analytics through NSDC's Control and Command Center will enable more granular monitoring of training programs and centers. Predictive analytics will further empower decision-makers to anticipate trends, improve program efficacy, and optimize resource allocation.

7. Inclusive Growth Through Multilingual and Mobile-First Platforms:

To foster inclusivity, NSDC Digital will continue enhancing its multilingual and mobile-first approach, ensuring skilling resources are accessible to learners across India, including those in rural and underserved areas.

8. Focus on Lifelong Learning and Upskilling:

With industries undergoing rapid technological change, NSDC Digital will push for lifelong learning initiatives, allowing individuals to continually upgrade their skills to stay relevant in the job market. The partnership ecosystem with tech giants like Google, Infosys, and UpGrad will further expand opportunities for advanced and domain-specific skills.

9. Entrepreneurship and Job Creation:

Beyond skilling, NSDC Digital will focus on entrepreneurship by offering resources and mentorship through its platforms, promoting job creation and helping individuals' transition from learners to business owners.

Strategic Priorities for the Upcoming Years

1. Global Expansion:

Position SIDH as a global leader in digital skilling infrastructure, fostering international collaboration with emerging and developed economies.

2. Security and Trust:

Strengthen cybersecurity through the Security Operations Centre (SOC) and build an ecosystem of trusted credentials via NSDC Trust.

3. Scalable Partnerships:

Form new alliances with global educational institutions, technology platforms, and industry leaders to expand the variety and depth of resources available across NSDC's product offerings.

4. Fostering Innovation in the Skilling Ecosystem:

Continuously innovate through AI-driven platforms, digital credentials, and real-time user engagement to stay ahead of the evolving job market requirements.

5. Enabling Employment and Apprenticeship opportunities:

Enhance job linkages and apprenticeships through partnerships with industry leaders via NSDC JobX, aiming to bridge the gap between skill supply and market demand both domestically and internationally.

11 Conclusion

NSDC Digital is at the forefront of revolutionizing the skilling ecosystem, harnessing the power of technology to democratize education and training across India and beyond. Through continuous innovation, global collaborations, and data-driven solutions, NSDC Digital is well-positioned to not only meet the skilling demands of the future but to also empower individuals to thrive in a rapidly evolving job market. The strategic priorities set for the upcoming years will ensure NSDC Digital's sustained impact, driving economic growth, workforce readiness, and a more inclusive, skilled global community. ■

Chapter 2

NSDC ACADEMY

Introduction

In the purview of National Education Policy 2020, NSDC aims to be a driving force in advancing the skill economy through collaborative efforts involving learners, higher education institutions (HEIs), corporations, and governments. With a focus on higher education institutes, market-led programs are converged into NSDC Academy.

Leveraging strategic partnerships, it endeavours to deliver top-tier industry-relevant education and training. NSDC offers a variety of credit-linked programs integrated into HEI curricula, equipping learners with highly sought-after skills for lucrative career opportunities.

Key initiatives taken up by the division – FY 2023-2024

NSDC Academy is playing a pivotal role in transforming the higher education sector and empowering learners with the skills, knowledge, and opportunities they need to succeed in today's fast-paced and competitive world.

1. Micro-Credential Programmes with Premium Institutions:

- NSDC Academy along with premium institutes like IIT Guwahati, IIT Ropar and IIT Mandi has introduced credit-linked certification programmes, delivering a comprehensive range of online educational programmes such as short-term, long-term, advanced and executive certification programmes.
- Under the programme, NSDC Academy is offering QP-backed certification programmes from premium institutes for graduates and working professionals. The programme includes a mix of live sessions, recorded lectures, assignments, and projects. Each module consists of 8-10 sessions with one live TA-led discussion hour per week.
- This experiential learning approach ensures that learners not only grasp theoretical concepts but also develop practical, hands-on experience, making them well-equipped to tackle the challenges and opportunities in the realm of emerging technologies.
- The curriculum, co-designed by IITs and NSDC partners, focuses on skills that are crucial to bridge the current skill gap in a bid to improve employability.
- Credits earned under the programme will be deposited in the Academic Bank of Credit.

Programme Highlights

- Minor programme with 15-24 Program credits
- Lectures and Evaluations of the core component of the curriculum delivered by IIT Professors
- Industry-relevant projects
- Campus Immersion for a Hands-On IIT experience
- Learn in multiple languages
- NSDC is further collaborating with premium institutes like IIT Kharagpur, IIT-ISM Dhanbad and various NITs across the country to design and launch specialised skill development programs tailored to meet industry demands. These programmes can focus on emerging technologies, niche skill areas, or specialised domains to cater to diverse learner needs.

Programme name	Premium Institute	Credits Awarded
Micro Credit Program in Computer Science	IIT Guwahati	24
PG/Advanced Certification Program in Data Science, AI & ML	IIT Guwahati	24
Practical learning and application of new tech in Cyber Security	IIT Guwahati	24
Certification Program in VLSI	IIT Guwahati	24
Certification Program in AIML, Digital Marketing & Financial Literacy	IIT Guwahati	24
AI for Bharat- Minor in Artificial Intelligence	IIT Ropar	16
Credit Linked Micro Specialization in AI &ML	IIT Mandi	24

2. Integration of Skill Development into Higher Education Curriculum:

- NSDC Academy has collaborated with higher education institutions to embed skill development programmes and courses into their curricula.
- NSDC Academy is focusing on universities and institutions to introduce the Skill module as part of their regular study programmes for students. The skill module would carry 20-40 credits and will be delivered in Offline/ Hybrid Mode.
- This collaboration ensures tailored educational solutions for universities and colleges, delivering top-quality education that equips students with academic knowledge as well as practical, industry-relevant skills to enhance their employability.
- The program aims to incorporate advanced technology into learning and upskilling initiatives through virtual labs integrated into the curriculum.
- Integration of a Skill Development Course within the university's offerings is a strategic move to prepare students for the demands of the modern workplace.

3. Enhanced Infrastructure for HEIs through establishing Center for Future Skills:

- In February 2024. NSDC Academy inaugurated Center for Future Skills at PDA College of Engineering in Karnataka where more than 5000 students will be trained at the center

and will earn credits and global certifications of UNITY, CISCO, Microsoft, Palo Alto etc. in emerging technologies like Automation, AR/VR, Programming, web development etc. every year.

Achievement in terms of Training conducted and Strategic Partnerships:

- Under NSDC Academy, 3.5 lakhs students have been trained and certified.
- More than ten, strategic partners are onboarded successfully some of them are UpGrad, Ethontech, Intellipaat, Sunstone. ■

Chapter 3

NSDC INTERNATIONAL LIMITED

Executive Summary

NSDC International Limited has made remarkable progress in the past year, significantly expanding international job opportunities for Indian candidates across multiple sectors. Through strategic partnerships, comprehensive training programmes, and international collaborations, NSDC International has solidified its position as a key player in global workforce development. This report highlights our major achievements, key partnerships, and country-specific initiatives that have contributed to our success.

Key Achievements

In the past year, NSDC International has successfully deployed over 21,400 candidates to various international positions. Of these, 1,757 candidates have been placed in developed countries, while nearly 19,300 have found opportunities in GCC nations. A notable achievement was the deployment of over 6,500 construction workers to Israel under government-to-government initiative showcasing our ability to meet large-scale workforce demands.

Our Skills Verification Programme has been instrumental in ensuring the quality of our placements. We have conducted training and testing across 15 job roles, evaluating more than 26,000 candidates. This rigorous process has helped maintain high standards and build trust with our international partners.

To enhance the employability of our candidates, we have conducted specialised training programs. These include language training for caregivers and domain-specific training in collaboration with industry partners across multiple locations. These efforts have significantly improved the job readiness of our candidates for international markets.

Strategic Partnerships

NSDC International has forged strong partnerships with key organizations around the world. In the United Kingdom, we have collaborated with the Tern Group and Takht Group to boost international mobility opportunities. In Germany, our partnership with the Indo-German Chamber of Commerce has opened new avenues for Indian workers.

Recognising the importance of language skills in international placements, we have established partnerships with renowned institutions such as the Goethe Institute and Cambridge for language skilling. These collaborations have enhanced our candidates' linguistic capabilities, making them more competitive in the global job market.

Sector Engagement

Our key accounts span a diverse range of sectors, including healthcare, logistics, staffing, and tourism. This broad engagement allows us to cater to varied skill requirements and provide opportunities across different industries, thereby maximizing the potential for Indian workers in the global market.

Country-Specific Initiatives

GCC

In the GCC region, we have successfully placed over 19,300 candidates in sectors such as construction, facilities management, and HVAC training. Conducted Training of the Trainers for HVAC technicians in collaboration with Leminar Group & Electronics Sector Skills Council.

Israel

Our engagement with Israel has been particularly noteworthy, with the deployment of over 6,500 candidates in construction roles through a professional test drive programme.

Japan and East Asia

Our efforts in Japan have resulted in the deployment of 698 technical interns under the Technical Intern Training Programme (TITP). We have also established partnerships for demand aggregation and awareness in the region, paving the way for increased opportunities in East Asian markets.

United Kingdom and Europe

The healthcare sector in the United Kingdom has been a significant focus area, with over 1,030 Indian nurses deployed. We have signed a Memorandum of Understanding with Care England to ensure ethical recruitment practices. In Germany, we have established tripartite agreements for workforce deployment, creating job opportunities in

healthcare, hospitality, and other sectors.

Mauritius

Our initiatives in Mauritius focus on connecting state-level employers with trained candidates for various roles, facilitating mutually beneficial employment opportunities.

Capacity Building

A major milestone in our capacity-building efforts was the launch of the Skill India International Centre in Varanasi. This centre offers training programs for various job roles, including electricians, security guards, solar PV installers, and automotive technicians. These programs are designed to meet international standards and prepare candidates for global opportunities.

Our mobilisation efforts have been extensive, engaging over 59,000 candidates through field and portal mobilisation. This wide-reaching approach ensures that we can identify and nurture talent from diverse backgrounds across India.

Skill Verification Program (SVP)

The Skill Verification Programme, conducted in collaboration with Saudi Arabia, has been a cornerstone of our quality assurance efforts. We have tested thousands of candidates across multiple trades, with over 26,000 candidates registered and an impressive pass rate of over 18,000. This programme has been crucial in maintaining the high standards expected by our international partners.

Future Outlook

As we look to the future, NSDCI remains committed to expanding international opportunities for skilled Indian workers. We continue to foster global partnerships, enhance the capabilities of the Indian workforce, and strive to meet international standards. Our focus is on identifying emerging markets, developing new skill sets in line with global trends, and ensuring that Indian talent continues to be a preferred choice for employers worldwide.

Through these efforts, we aim to not only provide rewarding career opportunities for Indian workers but also contribute significantly to India's position as a global skills hub. The coming year promises new challenges and opportunities, and NSDCI is well-positioned to meet them with innovative solutions and unwavering dedication to our mission. ■

Chapter 4

Sector Skill Councils

Executive Summary

NSDC has established 36 Sector Skill Councils (SSCs) as industry-led bodies designed to enhance, support, and coordinate private sector initiatives for skill development in India. These councils serve a critical function in bridging the gap between the demand for skilled labour in various industries and the supply of adequately trained workers. Acting as foundational pillars for NSDC's skill development operations, SSCs are integral to the country's broader strategy for workforce enhancement.

Genesis and Evolution

Established in line with the National Policy on Skill Development 2009, SSCs have been progressively formed across various sectors from 2010-11 to 2015-16:

- **2010-11:** Automotive, Retail, IT/ITES
- **2011-12:** Media & Entertainment, BFSI, Healthcare, Gems & Jewellery, Leather, Electronics, Rubber & Chemical
- **2012-13:** Logistics, Construction, Food Processing, Telecom, Capital Goods & Strategic Manufacturing, Agriculture, Plumbing
- **2013-14:** Life Sciences, Tourism & Hospitality, Textiles & Handloom, Apparel, Handicrafts, Power, Iron & Steel, Aerospace & Aviation, Mining, Beauty & Wellness
- **2014-15:** Hydrocarbon, Furniture & Fittings, CGSC, Green Jobs, Sports, Infrastructure Equipment, PWD
- **2015-16:** Management, Instrumentation, Domestic Workers

Structure and Governance

Structurally, SSCs operate on a governance model which ensures that they are industry-led, with each council comprising a Governing Council or Board that includes representatives from recognised industry associations, businesses of all sizes—including those in the unorganised sector—state representatives based on industry concentration, relevant line ministries, and esteemed domain institutions. This diverse representation is essential for aligning the councils' objectives with real-world industry needs.

Key Roles and Responsibilities

The key roles and responsibilities of SSCs encompass identifying skill development needs across sectors, developing tailored skill development plans, and setting standards and qualifications aligned with the National Skills Qualifications Framework (NSQF). They are also responsible for conducting skill-based assessments and certifications, training trainers and assessors, addressing the skilling needs of marginalized groups such as SC/ST individuals and differently-abled persons, ensuring decent wage employment for trained individuals, and establishing Centres of Excellence.

Achievements in FY 2023-24

1. **Job Aggregation:** 22 lakh jobs aggregated
2. **Apprenticeship Engagement:** 9.31 lakh apprentices engaged

Standout performers:

- Automotive SSC: 190,194
- Electronics SSC: 84,361
- Retail SSC: 70,642
- IT-ITES SSC: 70,558

3. Training of Trainers and Assessors:

- 49,818 Trainers of Trainers (ToT) certified
- 16,212 Trainers of Assessors (ToA) certified

4. Active Training Ecosystem:

- 2,059 active training partners
- 8,308 operational training centres

36 Functional Sector Skill Councils to cover all the major sectors

2010-11

- Automotive
- Retail
- IT/ITes

2011-12

- Media & Entertainment
- Healthcare
- Gems & Jewellery
- Leather
- Electronics
- BFSI
- Rubber
- Chemical

2012-13

- Logistics
- Construction
- Food Processing
- Telecom
- Capital Goods & Strategic Manufacturing
- Agriculture
- Water Management

2013-14

- Life Sciences
- Tourism & Hospitality
- Textile & Handloom
- Apparels
- Power
- Iron & Steel
- Aerospace & Aviation
- Beauty & Wellness

2014-15

- Hydrocarbo
- Furniture & Fittings
- PWD
- Green Jobs
- Sports
- Power
- Infrastructure Equiplement
- PWD

2015-16

- Management
- Instrumentation
- Domestic Workers

Cumulative Impact

The cumulative impact of these efforts is substantial. SSCs have created approximately 2,787 industry-specific qualifications and collaborated with various industry and academic partners to align over 200 Centres of Excellence throughout India.

Since 2016, they have engaged 16.5 lakh apprentices across nearly 600 job roles and trained over 1.22 Cr. candidates under various segments of the Pradhan Mantri Kaushal Vikas Yojana (PMKVY).

Looking Ahead

As we move forward, the Sector Skill Councils will continue to play a pivotal role in addressing skill gaps, fostering employment opportunities, and contributing to the holistic development of India's workforce.

Our focus remains on strengthening industry partnerships, enhancing the quality of skill development programs, and ensuring that our initiatives align with the evolving needs of both the industry and the workforce.

By leveraging the collective expertise of industry, academia, and government, we are confident in our ability to create a robust, industry-aligned skill development ecosystem that will drive India's economic growth and global competitiveness. ■

Chapter 5

Apprenticeship and National Apprenticeship Promotion Scheme

Executive Summary

The fiscal year 2023-2024 has been a landmark year for our apprenticeship initiatives, particularly the National Apprenticeship Promotion Scheme (NAPS). We have seen significant growth in apprentice engagement, establishment onboarding, and the empanelment of Third-Party Aggregators (TPAs). With the introduction of the Direct Benefit Transfer (DBT) system under NAPS 2.0 has streamlined the disbursement process, enhancing transparency and efficiency.

Key Achievements FY 2023-2024

Our apprenticeship programme has achieved remarkable milestones this fiscal year with the following being the key highlights:

- **Apprentice Engagement:** We successfully engaged 9,31,496 apprentices, significantly expanding our reach and impact.
- **Establishment Onboarding:** 47,749 new establishments were onboarded, demonstrating growing industry participation.
- **TPA Empanelment:** 51 Third-Party Aggregators (TPAs) were empanelled, enhancing our capacity to connect apprentices with opportunities.
- **DBT Disbursement:** ₹ 395.42 Cr. was disbursed through the Direct Benefit Transfer system, directly benefiting apprentices.
- **Assessments and Certifications:** We generated 26,624 mark sheets and issued 22,471 certificates, validating the skills acquired by our apprentices.

NAPS 2.0 and Direct Benefit Transfer

On April 21, 2022, the Government of India introduced the Direct Benefit Transfer (DBT) under the National Apprenticeship Promotion Scheme (NAPS) 2.0. This innovative approach allows the Government to directly transfer its contribution of 25% of the stipend, up to ₹ 1,500 per apprentice per month, into the Aadhaar-linked accounts of apprentices. This transfer occurs after the establishment disburses the stipend, ensuring a more streamlined and transparent process through the Public Financial Management System (PFMS).

1. Industry Participation

We are pleased to report that several major companies initiated their apprenticeship programs this fiscal year. Notable among these are Bharat Heavy Electricals Limited, BSES Rajdhani Power Ltd, and Dr Reddy's Laboratories Limited. Their participation underscores the growing recognition of the value apprenticeships bring to both businesses and aspiring professionals.

Success Stories

The transformative power of our apprenticeship program is best illustrated through the success stories of our participants:

1. **Suraj Dattatray Vhatkar:** After completing his apprenticeship in the HR Department at Tata Cummins Pvt Ltd, Suraj founded Shree HR Services. His firm, emanating from the experience gained during his apprenticeship, now boasts a turnover of ₹ 1 Cr. in the current financial year. Suraj aims to employ over 1,000 youth in the next two years, exemplifying the entrepreneurial spirit fostered by our program.

2. **Industry Impact:** A study by Teamlease, a Third-Party Aggregator, across prestigious firms such as Genpact, Bühler India, and Siemens, indicates that apprenticeship programs lead to increased productivity, retention, and innovation within companies.

3. **Lotte India:** An apprentice at Lotte India, working as a machine operator, identified a process modification that reduced task completion time from five minutes to three minutes. This improvement in Average Handling Time (AHT) significantly enhanced overall efficiency. Furthermore, the integration of NAPS apprentices helped Lotte India reduce its reliance on contractual and union employees, leading to substantial savings in overtime costs.

Looking Ahead

As we move forward, we remain committed to expanding and enhancing our apprenticeship programs. The success of NAPS 2.0 and its positive impact on both individuals and industries reinforce our belief in the power of apprenticeships to drive skill development and economic growth. We will continue to foster partnerships with industry leaders, streamline our processes, and create more opportunities for aspiring professionals across India.

Our goal is to make apprenticeships a cornerstone of India's skill development ecosystem, bridging the gap between education and employment while meeting the evolving needs of various industries. With the continued support of our partners and the enthusiasm of our apprentices, we are confident in our ability to achieve new heights in the coming fiscal year. ■

Chapter 6

Industry Collaboration

Executive Summary

In FY 2023-2024, our Industry Collaboration initiatives have made significant strides in bridging the gap between job seekers and employers, while fostering skill development across various sectors. Our initiatives such as Kaushal Mahotsav and NSDC JobX have led to numerous success stories, with candidates securing roles in reputed organisations and embarking on promising career paths.

I. Kaushal Mahotsavs

We reimagined traditional job fairs as Kaushal Mahotsavs, creating a comprehensive event beyond mere job placements. These events now incorporate key elements such as skill exhibitions, career counselling, motivational talks, and interviews, providing a holistic experience for both job seekers and employers.

In FY 2023-2024, we organised three Kaushal Mahotsavs, building on the success of previous events. The cumulative impact of these events has been substantial:

With seven Kaushal Mahotsavs organized, since FY 2023-2024

- 299 Employer participation
- 48,596 Candidate registration
- 13,810 Physical attendance
- 11,276 Job offers generated

Success Stories from Kaushal Mahotsav

The impact of our industry collaboration initiatives is best illustrated through individual success stories:

Abhishek Kumar Mishra participating in the Lucknow Kaushal Mahotsav (March 2024), Abhishek secured a role as a marketing executive at Marengo Asia Hospital. Within four months, he has made significant contributions to the Marketing Department, showcasing the immediate impact of our initiatives.

Akhilesh Kumar's participation in the Lucknow Kaushal Mahotsav led to his selection as a Fostac Trainer with the Saubhagya Foundation. Since joining in April 2024, he has demonstrated exceptional dedication and passion in his role, exemplifying the transformative potential of these events.

II. Launch of NSDC JobX

To further our mission of making employment opportunities accessible anytime and anywhere, we launched the NSDC JobX platform in June 2023.

Table 1: Kaushal Mahotsavs organized from FY 23 onwards:

	Date	No. of Employers	No. of Candidates Registered	No. of Candidates Attended Physically	Total Job offers
Secunderabad KM	3 - 4 Jun 2023	148	14353	3500	3540
Sambalpur KM	21 Jan 2024	54	5733	1950	1236
Lucknow KM	9 - 10 Mar 2024	97	28510	8360	6500
Total		**299**	**48596**	**13810**	**11276**

These events provided immediate employment opportunities and served as skill showcasing and career guidance platforms.

This dedicated platform caters to both domestic and international job opportunities.

Since its inception, NSDC JobX has achieved remarkable results:

- 5.04 lakh vacancies aggregated (June 2023 to March 2024)
- Over 1,600 Employers registered
- More than 2.49 lakh candidates registered

NSDC JobX has attracted well-established employers such as Airtel, Axis Bank, Barbeque Nation Hospitality, Marengo Asia Hospitals, Flipkart, Shahi Exports, and Sodexo India. The platform has also integrated with popular job portals like Apna.co and QJobs, enhancing its reach and effectiveness.

Our goal is to establish NSDC JobX as a one-stop solution for employer and candidate matchmaking, streamlining the job search and recruitment process across various sectors.

Looking Ahead

As we reflect on the achievements of our industry collaboration initiatives, we are inspired by the positive impact on individuals and businesses alike. Moving forward, we will continue to:

- Expand the reach and frequency of Kaushal Mahotsavs, aiming to connect more job seekers with quality employment opportunities.
- Enhance the capabilities of the NSDC JobX platform, incorporating user feedback and emerging technologies to improve the job-matching process.

- Strengthen our partnerships with industry leaders to ensure our initiatives remain aligned with evolving market needs.
- Develop targeted programs to address skill gaps identified through our interactions with employers and industry bodies.

By providing innovative industry collaboration initiatives, we are creating a robust ecosystem that supports skill development, enhances employability, and drives economic growth. We look forward to building on these successes in the coming year, further cementing our role as a key facilitator in India's journey towards a skilled and empowered workforce. ■

Chapter 7

CSR and Industry Partnership Division

Executive Summary

In FY 2023-24, NSDC's CSR and Industry Partnership Division made significant strides in skill development and empowerment initiatives across India. Key achievements include:

- Trained 72,598 individuals, with 58,551 assessed, 47,360 certified, and 34,986 placed in jobs.
- Shifted focus from CSPE supported programs to private partnerships, with 76% funding now from private partners.
- Launched innovative projects such as Skills on Wheels, International Mobility for Specified Skilled Workers, and skilling programs for the LGBTQ+ community.
- Initiated the Skill Impact Bond, India's first development impact bond for skilling and employment, targeting 50,000 young Indians (60% women) over four years.
- Received the AVPN Constellations Award for creating a more equitable world for women in Asia.

These initiatives have significantly contributed to enhancing employability, promoting gender equality, and fostering international collaborations in skill development.

Overview

NSDC's CSR and Industry Partnership Division has been at the forefront of catalyzing impactful collaborations between public and private sectors to foster innovation and growth within India's skill development landscape. In FY 2023-24, the division made a significant paradigm shift, transitioning from CPSE-supported programs to partnerships with MNCs and corporates.

Key Achievements:

1. Overall Impact

- Trained: 72,598
- Assessed: 58,551
- Certified: 47,360
- Placed: 34,986

2. Funding Shift

76% of funding in this financial year came from private partners.

3. Notable Projects

A. International Mobility for Specified Skilled Worker (SSW)

Partnership with Japan for nursing care workers, where 49 candidates were trained for high-paying jobs in Japan.

Program Details:

- Part of India-Japan initiatives under the Memorandum of Cooperation
- 9-month residential training to attain N3-level Japanese language proficiency
- Opportunity to work in Japan for up to 5 years

Impact:

- Uplift socio-economic conditions of youth (approx. ₹ 1 lakh monthly salary)
- Increase Indian women's participation at the international level

B. Skilling Program for Transgender Community

Partnering with Pernod Ricard India Foundation and Indian Oil Corporation Limited (IOCL) where 280 candidates, mainly from the LGBTQ+ community, received training in Mumbai.

Objectives:

- Reduce economic disparities through skill development
- Improve quality of life by creating sustainable income opportunities
- Increase awareness and sensitise stakeholders about Transgender and LGBTQ+ communities

- Implementation Model: Engage transgender individuals in formal sector job training and facilitate market linkage

C. IELTS Programme

Partnering with HPCL-Mittal Foundation where 150 candidates were trained in Bhatinda

Objective: Empower individuals for international relocation through IELTS certification

Programme Implementation:

- Special module developed by NSDC for IELTS training.
- Assistance in passport application process.
- 3-month programme duration.
- Programme Partners: British Council, IDP IELTS, Cambridge University Press & Assessment.

Outcomes:

- Enhanced government relationships with other countries.
- Access to high-paying international jobs.
- International exposure for youth.

D. Digital Skill: AI and Cloud Computing

Partnering with Microsoft to train 10,000 women engineering students from Uttar Pradesh, over three years.

Goal: Instill economic security and stability among young women from low female labor force participation regions.

Programme: Short Term Training (STT) in Cloud Computing job roles for the IT-ITES sector.

Outcomes:

- Access to high-paying jobs in the IT-ITES sector.
- Holistic development of women.
- Enhanced financial independence and decision-making power for women.

E. Degree Online Services Telangana (DOST) Programme

Partnering with Samsung to train 2,000 youth across 21 states in India.

Focus: Skills training for the electronics retail sector

Programme Details:

- 5-month comprehensive training.
- 1,000 candidates trained as In-Store Promoters.
- 1,000 candidates trained as Store Demonstrators.
- Stipend support during on-the-job training.

Expected Outcomes:

- Job-ready candidates for the electronics retail sector.
- Improved employability and practical experience.
- Economic empowerment through stipend support.

F. Skills on Wheels

- Target: 9,000 youth in one year, 60,000 in five years.
- Focus: Digital literacy, financial literacy, and customer service training.
- Implementation: Deploying digital buses to bring mobile solutions to rural areas.
- Geographical Focus: Aspirational districts in Uttar Pradesh, Bihar, Rajasthan, Maharashtra, and Tamil Nadu.

Impact:

- Increased digital literacy rates and job opportunities in rural areas.
- Promoted financial inclusion.
- Reduced youth migration to urban areas.
- Empowered individuals with valuable skills for employment and entrepreneurship.

4. Skill Impact Bond Programme

India's first development impact bond for skilling and employment.

Goal: Benefit 50,000 young Indians over four years, with 60% women participation.

Key Stakeholders:

- NSDC in collaboration with HRH Prince Charles's British Asian Trust, Michael & Susan Dell Foundation, The Children's Investment Fund Foundation (CIFF), HSBC India, JSW Foundation, and Dubai Cares.
- FCDO (UK Government) & USAID as technical partners.

Operational Details:

- NSDC plays the dual role of Risk Investor and Program Management Unit (PMU).
- First cohort launched in November 2021.
- Implemented across 19 states.
- Training imparted across 14 sectors including construction, apparel, retail, BFSI, IT/ITeS.

Achievements:

- Enrolled over 30,000 youth with more than 70% women participation.
- Won the AVPN Constellations Award for creating a more equitable world for women in Asia.

Unique Features:

- Shifts focus from inputs (enrollment and training) to outcomes (placement and retention).
- Leverages private sector capital and expertise.
- Aims to strengthen India's technical and vocational education ecosystem.

Impact:

- High enrolment rates for women.
- Promising retention rate with half of the women sustaining wage-based employment for at least three months.

The CSR and Industry Partnership Division has demonstrated significant progress in FY 2023-24, with a focus on innovative, inclusive, and impactful skill development initiatives. The division's efforts have not only enhanced employability but also promoted gender equality and international collaboration in skill development. The success of programmes like the Skill Impact Bond and the recognition received through the AVPN Constellations Award underscores the division's commitment to creating a lasting impact in India's skill development landscape. ■

Chapter 8

Impact Financing and Entrepreneurship Promotion

Executive Summary

In FY 2023-24, NSDC's Impact Financing and Entrepreneurship Promotion department has made significant strides in expanding the skill development ecosystem and fostering entrepreneurship in India. Key achievements include:

1. Impact Financing:

- Successfully advocated for modifications to the Credit Guarantee Fund Scheme for Skill Development (CGFSSD), expanding access to credit for skill development.
- Achieved the highest-ever recovery of ₹ 89.81 Cr. from Stressed Accounts, resulting in the lowest Stressed Account (SMA) Level in 7 years.
- Recovered ₹ 14.61 Cr. through one-time settlements from three long-defaulting NPA cases.

2. Entrepreneurship Promotion:

- Launched a program to create up to 2,000 women Business Correspondent (BC) agents.
- Successfully implemented the "Super Retailer Program" in collaboration with Coca-Cola, creating entrepreneurial opportunities for over 15,000 candidates.

These initiatives have significantly contributed to enhancing the accessibility and affordability of skill development programs while also creating new entrepreneurial opportunities across India.

Detailed Report

1. Impact Financing Department

Overview

The Impact Financing department, is responsible for mobilising and effectively utilising public, private, and philanthropic capital through innovative financing tools. The department aims to ensure accessibility, affordability, and scalability of the skill ecosystem in India.

Key Responsibilities:

- Develop and launch innovative financing products in collaboration with industry partners.
- Manage, administer, and monitor NSDC's Funded Partners Loan Portfolio and Pradhan Mantri Kaushal Kendra (PMKKs).

Major Achievements:

A) Modification of Credit Guarantee Fund Scheme for Skill Development (CGFSSD)

Advocated for and secured approval for significant modifications to the CGFSSD.

Key changes include:

- Inclusion of NBFCs, MFIs, and Small Finance Banks as lenders.
- Increased loan limits to ₹ 7.50 lakh.
- Relaxation of certain conditions.
- Impact: Enhanced access to funding for low-income youth pursuing advanced and in-demand skill courses, facilitating better placement opportunities.

B) Loan Portfolio Management

Achieved the highest-ever recovery of ₹ 89.81 Cr. from Stressed Accounts in a year.

- Resulted in the lowest Stressed Account (SMA) Level in the last 7 years.
- Implemented revamped and strengthened monitoring measures.

C) NPA Recovery

- Recovered ₹ 14.61 Cr. through one-time settlements from three long-defaulting NPA cases.
- Achieved without any principal haircut.
- Accomplished through multiple rounds of discussions and negotiations.

2. Entrepreneurship Promotion Department

Overview

NSDC has expanded its role from solely promoting the skilling ecosystem to leveraging it for promoting entrepreneurship. This department focuses on creating a robust environment where skill development translates directly into entrepreneurial opportunities.

Major Initiatives

A) Business Correspondent (BC) Agents Program

Objective: Create up to 2,000 women Business Correspondent agents.

Key features:

- Promotion of BC training programmes.
- Leveraging cutting-edge technology.
- Providing comprehensive handholding support.
- Enabling certification from the Indian Institute of Banking and Finance (IIBF).

Support includes:

- Assistance in establishing BC points.
- Access to necessary technology and products.
- Ongoing support services.
- Impact: Creating a strong foundation for women BC agents, facilitating their long-term success and integration into the financial ecosystem.

B) Super Retailer Programme

- Successfully launched and implemented in collaboration with Coca-Cola.
- Created new entrepreneurial opportunities for over 15,000 candidates.

The Impact Financing and Entrepreneurship Promotion departments have demonstrated significant progress in FY 2023-24. Through innovative financing solutions and targeted entrepreneurship programs, NSDC has not only enhanced the accessibility and affordability of skill development but also created substantial entrepreneurial opportunities. These efforts contribute significantly to the growth and expansion of India's skill ecosystem, aligning with the nation's goal of creating a skilled and entrepreneurial workforce. ■

Chapter 9

Standards and Quality

Executive Summary

In FY 2023-24, on enhancing the quality and relevance of vocational training by developing National Occupational Standards (NOS), Qualification Packs (QPs), and related frameworks. Through partnerships with Sector Skill Councils (SSCs), NCVET, MSDE, and other stakeholders, the team ensured that skilling initiatives are aligned with national frameworks and the evolving needs of industries.

The key achievements include the development of Vishwakarma qualifications for 18 trades, advancements in digital platforms like SIDH, the creation of a Skills Taxonomy Framework, and extensive policy advisory services. These efforts have streamlined skilling programs, enhanced technical capabilities, and built a more cohesive national skilling ecosystem.

Key Achievements

1. Development of Industry-Aligned Standards

- Facilitated development and finalization of Basic and Advanced Vishwakarma qualifications for 18 trades.
- Ensured availability of NOS, QPs, and Model Curriculums on SIDH for implementation of PM Vishwakarma and PMKVY schemes.

2. Frameworks, Templates, and Guidelines

- Created six Q-File templates and guidelines aligned with the revised National Skills Qualifications Framework (NSQF), National Credit Framework, and NEP 2020.
- Developed an Occupation Map template with NCO and NIC code mapping.
- Supported NCVET in developing the Employability Skills-Soft Skills-Life Skills framework.

3. Policy and Technical Advisory Services

- Provided technical advisory to MSDE, NCVET, DGT, and other key partners on various aspects of skill development.
- Developed a Skills Taxonomy Framework for the Indian Skilling Ecosystem, approved by the NCVET council, based on exhaustive research on International skills taxonomies such as WEF Framework for a Global Skills taxonomy, US Occupational Information Network O*NET, The European Skills, Competences, Qualifications and Occupations (ESCO), The Skills Framework for the Information Age (SFIA-08), The Singapore Skills Taxonomy, The UK- Nesta skills taxonomy, Canada Skills and Competencies Taxonomy, Australian Skills Taxonomy.
- Facilitated international standards mapping for countries like UAE, Australia, and Mauritius.

4. Digital Innovation and IT Advancements

- Enhanced the QP-Builder Application on the SIDH platform, integrating features for micro-credentials, stand-alone NOS, and alignment with the revised NSQF framework.
- Onboarded over 17 NCVET-recognized non-SSC Awarding Bodies (ABs) onto the SIDH platform, ensuring wider adoption of standardised processes.

5. Capacity Building Initiatives

- Conducted workshops on QP-NOS development, policy frameworks, and usage of digital tools like SIDH for stakeholders, including SSCs and NCVET-recognised ABs.
- Organised consultative workshops to build consensus on the development of the Skill Taxonomy and Consolidated Occupational Map.

Impact

The Standards team's contributions have had a profound impact on India's skill development landscape by:

- Standardising qualifications across diverse sectors to improve industry relevance.
- Strengthening national initiatives, including Agnipath, with robust skill frameworks.

- Enhancing capacity through policy advisory and advanced digital tools.
- Aligning skilling initiatives with future-ready, industry-driven standards and national education policies.

These efforts have positioned the Standards team as a key enabler in driving vocational training that meets both national priorities and industry expectations.

Centre Accreditation and Affiliation Achievements

The Centre Accreditation and Affiliation (A&A) process at NSDC, facilitated through the Skill India Digital Hub (SIDH), plays a vital role in ensuring the quality of vocational training in India. This comprehensive mechanism evaluates Training Centers (TCs) offering NSQF-aligned courses across various government schemes, private initiatives, and CSR projects. The scheme-agnostic nature of the process ensures uniformity and integration across sectors, standardising training aids, infrastructure, and trainer qualifications.

Key Highlights and Achievements

1. Training Provider Onboarding:

NSDC successfully onboarded 3,088 training providers, ensuring widespread participation in skill development initiatives across India.

2. Skill Hub Initiative:

As part of the PMKVY 4.0 scheme, 6,730 educational institutions were onboarded under the Skill Hub initiative, contributing significantly to the expansion of vocational education and training across the country.

3. PM Vishwakarma Scheme:

5,098 centres were onboarded under the PM Vishwakarma Scheme, aimed at empowering artisans and craftsmen by providing targeted skill development programs to enhance their livelihoods.

4. Upskilling Centers:

NSDC integrated 1,913 upskilling centres, primarily focusing on enhancing skill sets within key industries, facilitating continuous learning and upgradation for workers.

5. Revenue Generation:

Through the accreditation and affiliation process, NSDC generated a total revenue of ₹20.31 crore, highlighting the financial sustainability and scalability of the accreditation mechanism.

Impact

The achievements in FY 2023-24 underscore NSDC's commitment to ensuring high-quality vocational training across India. The successful onboarding of thousands of training providers and institutions, combined with the financial success of the A&A process, demonstrates the scalability and efficacy of NSDC's accreditation framework. These efforts have contributed to a stronger, more standardized skill development ecosystem, ultimately empowering a diverse range of learners and professionals across sectors. ■

Chapter 10

NSDC BPO

Executive Summary:

In FY 2023-24, the BPO emerged as a key operational hub, handling inbound queries and conducting critical surveys and verifications related to various NSDC schemes. Undergoing a rigorous hiring process, comprehensive training, and on-the-job learning to handle live calls efficiently, the BPO team plays a crucial role in managing all incoming queries, including but not limited to, initiatives such as PMKVY, PM Vishwakarma, NAPS & DBT, SIDH, Kaushal Mahotsav, Overseas Placements, Centre Accreditation, Job X, and Training Partner Queries.

The BPO's dedication to quality service, alongside its efficient handling of both inbound and outbound calls, underscores its vital role in supporting NSDC's mission.

Key Highlights and Achievements

1. Comprehensive Inbound and Outbound Call Management

- The BPO team handled a total of 7,67,340 calls during the fiscal year, which included 1,52,391 inbound calls and 6,14,949 outbound calls.
- Along with this, they managed a diverse range of inquiries for various schemes and initiatives including PMKVY, PM Vishwakarma, NAPS and DBT, SIDH, and Overseas Placements.

2. Campaigns and Surveys

- The team conducted over 100 outgoing campaigns, such as PMKVY Monitoring, NSDC Academy, Israel Recruitment Campaigns, and CSR Projects, ensuring high levels of candidate verification and compliance across NSDC initiatives.
- These campaigns were crucial in monitoring and verifying the effectiveness of ongoing programs, contributing to improved transparency and accountability.

3. High Performance and Efficiency

- In March 2024, the BPO handled 82,909 calls, demonstrating peak performance.
- On average, the BPO processed over 63,945 calls per month, with each advisor handling around 2,764 calls in March 2024, showcasing operational efficiency.
- The team's headcount remained steady at 30 advisors, maintaining an excellent calls-per-advisor ratio throughout the year.

4. Quality Assurance and Monitoring

- The BPO's stringent monitoring systems ensured high-quality service delivery, resulting in a consistent alignment with NSDC's strategic objectives.
- By verifying over 400,000 candidate details, the BPO ensured compliance with the requirements of various NSDC schemes, strengthening the operational integrity of the organization.

Performance Overview (Apr 2023 - Mar 2024)

- Highest Call Volume: March 2024 recorded the highest total calls handled, with 82,909 calls.
- Average Monthly Call Volume: The BPO handled an average of 63,945 calls per month.
- Advisor Productivity: Advisors handled an average of 2,764 calls per month during peak performance.

Impact

NSDC's BPO has established itself as a cornerstone of operations, not only handling queries but also driving the success of numerous national skill development initiatives through verification, surveys, and outreach. Managing a significant volume of calls and maintaining high operational efficiency, the BPO has contributed to enhancing NSDC's overall effectiveness, laying a strong foundation for continued support of the organization's goals in the years to come.

■

Chapter 11

Government Programmes

1. PMKVY 4.0

Executive Summary

In FY 2023-24, the operations team of Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 4.0 demonstrated remarkable progress in driving skill development across India. The team successfully enrolled 21.34 lakh candidates, with 14.10 lakh candidates trained, 7.6 lakh assessed, and 6.6 lakh certified, ensuring the effective execution of the scheme.

Strategic collaborations were established with key partners like IITs, IIMs, and central government institutes to expand the reach of skill development programs in regions such as the Northeast and extremist districts.

The initiative also aligned with the National Education Policy (NEP) by onboarding over 2,070 schools, primarily government institutions, to integrate skill training with formal education. The operations team has strengthened NSDC's partnerships and broadened the scope of skill training to underserved regions and communities.

Key Highlights and Achievements

1. Extensive Candidate Enrollment and Certification

- 21.34 lakh candidates enrolled under PMKVY 4.0.

Hon'ble President Smt. Droupadi Murmu in conversation with the participant of Drone Didi project -IIT Dhanbad

Regimental Skill training center- Gorkha Center- Directorate of Indian Army Veteran

- 14.10 lakh candidates successfully trained.
- 7.6 lakh candidates assessed and 6.6 lakh candidates certified, underscoring the successful execution of the program.

2. Strategic Partnerships and Program Implementation

- Collaboration with prestigious institutions like IIT Dhanbad, which launched the Assistant Mine Surveyor Course in April 2023, training over 150 candidates with advanced technologies such as LIDAR.
- Partnership with the Directorate of Indian Army Veterans (DIAV), training 24,000 soldiers, retirees, and spouses under PMKVY 4.0 to empower them for post-service employment opportunities.
- Onboarding of institutes such as NIELIT, CIPET, and other government institutes to implement training programs in remote regions and high-demand sectors.

3. Empowering Women through 'Drone Didi'

- The Drone Didi program, designed to empower women through drone training, was showcased to Hon'ble President Smt. Droupadi Murmu

during the inauguration of Kaushal Bhavan in New Delhi, highlighting the impact of women-led training programs.

4. Integration of Skill Development with Education under NEP

- In alignment with the National Education Policy (NEP), 2,070 schools were onboarded for skill training, including 942 government schools, enhancing the employability of students.
- Additional onboarding of 2,742 state and central government training centres, including ITIs, polytechnic colleges, and MSME-supported institutes, to support skill development initiatives under PMKVY 4.0.

Impact

The PMKVY 4.0 operations team has successfully scaled the reach and impact of skill development programs across India. By fostering strategic partnerships, integrating skills into formal education, and empowering underserved communities, the team has contributed to the growth of a skilled workforce ready to meet the demands of various industries. The diverse range of initiatives, including training programs for veterans and specialized courses for mining and drone operations, reflects NSDC's commitment to inclusive and future-ready skill development.

2. PM Vishwakarma Scheme: Empowering Traditional Artisans and Craftspeople

Executive Summary

The PM Vishwakarma scheme has emerged as a transformative initiative in preserving and promoting traditional crafts while empowering artisans across India. Key highlights include:

- Reach and Impact: Trained over 530,000 Vishwakarmas across 26 states and 409 districts, including remote areas.
- Inclusivity: Achieved 56% female participation, demonstrating strong gender inclusion.
- Comprehensive Training: Developed content for 28 trades, including toolkit booklets, trainee and trainer handbooks, and educational videos.
- Scale of Operations: Assessed 6.50 lakh Vishwakarmas and distributed 5.60 lakh books, with both processes ongoing.

- Industry Integration: Initiated linkages with industry partners to enhance employment opportunities and establish Self-Help Groups (SHGs).

Overview

The PM Vishwakarma scheme has made significant strides in empowering traditional artisans and craftspeople across India. This initiative has provided crucial skills training and fostered economic opportunities while preserving our nation's invaluable cultural heritage.

Key Achievements

1. Widespread Impact:

- Trained over 530,000 Vishwakarmas across 26 states and 409 districts.
- Reached remote areas including South Andamans, Kargil (Ladakh), Kutch (Gujarat), Thoubal (Manipur), and Zunheboto (Nagaland).

2. Expansion and Diversity:

- Initiated training in 65 new districts across 14 trades in the last quarter.
- Top districts by participation: Vaishali, Rayagada, Mandsaur, Beed, and Devbhumi Dwarka.
- Significant increase in participation for underrepresented trades:

- Cobbler (971 trainees)
- Dolls and toy maker (1,342 trainees)
- Goldsmith (2,288 trainees)

3. Gender Inclusion:

- Over 56% of trained Vishwakarmas are women, highlighting the scheme's commitment to gender equality.

4. Assessment and Certification:

- 6.50 lakh Vishwakarmas assessed, with ongoing assessments to cover more beneficiaries.

5. Resource Distribution:

- 5.60 lakh books dispatched to Vishwakarmas, with distribution ongoing.

Comprehensive Content Development

1. Trade-specific Content:

- Developed comprehensive content for 28 trades, ensuring targeted skill development.

2. Learning Resources:

- Toolkit Booklets: Providing essential information on tools and techniques.
- Trainee Handbooks: Offering step-by-step guidance for skill acquisition.
- Trainer Handbooks: Equipping trainers with effective teaching methodologies.

3. Multimedia Learning:

- Created educational videos for all 28 trades, enhancing the learning experience through visual instruction.

Ongoing Initiatives

1. Industry Linkages:

- Connecting trained Vishwakarmas with industry partners to explore employment opportunities aligned with industry standards.

2. Self-Help Groups (SHGs):

- Planning Vishwakarma SHGs with industry support to provide backward and forward linkages.
- Aim to build initiative and realize the true essence of the Vishwakarma scheme.

Looking Ahead

The PM Vishwakarma scheme continues to evolve, focusing on:

- Expanding reach to more districts and trades
- Strengthening industry partnerships for better employment outcomes
- Enhancing content and resources to meet evolving skill requirements
- Promoting entrepreneurship among trained Vishwakarmas

Through these efforts, the scheme aims to not only preserve traditional crafts but also position them as viable and respectable career options in the modern economy.

3. Training of Trainers and Assessors

Executive Summary

In FY 2023-24, the Training of Trainers (ToT) and Assessors vertical at NSDC played a critical role in developing a skilled workforce capable of delivering high-quality vocational education across India. By certifying 54,958 trainers and assessors under key schemes such as PMKVY 4.0 and PM Vishwakarma, the team ensured the availability of competent trainers to meet the growing demands of India's skill development ecosystem. The team also introduced innovative training methodologies, worked closely with industry associations, and supported artisans under the PM Vishwakarma scheme, laying a strong

foundation for future success.

Key Highlights and Achievements:

1. Certification of Trainers and Assessors

- PMKVY 4.0: Certified 41,636 trainers and 11,022 assessors, ensuring the availability of skilled educators to train India's workforce.
- PM Vishwakarma: Certified 13,332 trainers and assessors to empower traditional artisans in trades such as blacksmithing, carpentry, and pottery.

2. Comprehensive ToT Framework

- The ToT framework developed under PMKVY included a 10-day rigorous training, focusing on domain-specific skills (specialised industry knowledge) and platform skills (generic training abilities).
- Trainers underwent certification through three modes—Residential, Online, and Hybrid—ensuring flexibility and access to nationwide training.

3. Pilot Project with Institutes of Eminence

A pilot project involving 8 institutes of eminence and government agencies enrolled trainers to deliver high-quality training using the best available infrastructure, setting a benchmark for future training programs.

4. Support to Traditional Artisans under PM Vishwakarma

- The PM Vishwakarma scheme focuses on training artisans in traditional trades passed down through generations, such as blacksmithing, goldsmithing, and pottery.
- Certified trainers provided classroom-based basic skills training, supplemented by modern tools and audio-visual aids, covering digital literacy, financial literacy, and marketing topics.

5. Guru Ka Samman Initiative

- 93 Gurus (traditional trade experts) were identified and recognised for their expertise in various trades. These Gurus, who have over 15 years of experience, were provided orientation on the PM Vishwakarma scheme and honoured for their community contributions.
- The recognition event included sessions on digital and financial literacy, marketing, branding, and how artisans can register under the scheme.

Impact

Through the certification of nearly 55,000 trainers and assessors, the NSDC has significantly enhanced the capacity of India's vocational training ecosystem. The focus on traditional artisans through the PM Vishwakarma scheme and the recognition of Gurus under the Guru Ka Samman initiative further strengthened the skill development framework. These achievements, along with innovative training methods and strong industry partnerships, position the ToT vertical as a vital enabler of India's future workforce development. ■

Chapter 12

Legal Accolades

In Financial Year 2023-24, NSDC's legal team accomplished remarkable progress in litigation management, contract administration, and operational efficiency. Through successful litigation in DSD, Udaan, and non-DSD cases, the team secured total recoveries amounting to ₹ 14.15 Cr.

Additionally, the introduction of innovative tools like the Zoho Contract Management Tool and Zoho Sign, along with the standardization of legal documentation across NSDC entities, significantly streamlined operations and enhanced team efficiency. The legal team's in-house drafting of legal documents also contributed to notable cost savings and faster transaction times.

These achievements underscore the legal team's pivotal role in safeguarding NSDC's interests, ensuring compliance, and reinforcing its commitment to supporting India's skill development initiatives.

Key Highlights and Achievements:

1. Litigation Success and Total Recoveries

- Total Recoveries: NSDC recovered ₹ 14.15 Cr. across DSD, Udaan, and non-DSD cases in FY 2023-24.
- DSD Cases: NSDC secured favourable outcomes in 8 out of 10 cases, with total awards amounting to ₹ 25.36 Cr. and recoveries totalling ₹ 10.64 Cr.

2. Legal Actions Following Awards

NSDC pursued legal actions through appeals and executions involving a total of ₹ 12.80 Cr., ensuring the enforcement of favourable decisions and compliance with awards.

3. Zoho Contract Management Tool and Implementing Zoho Sign

The Zoho Contract Management Tool streamlined document management, centralising the creation of NFA numbers, and improved tracking of contract expirations, significantly enhancing team collaboration and minimizing data loss. Furthermore, the implementation of Zoho E-sign, certified by E-mudra, eased the approval and signing process of legal agreements, increasing workflow efficiency and providing end-to-end control.

4. Standardisation of Legal Documents

The legal team standardised agreements, MoUs, and addendums across all NSDC group entities, ensuring greater consistency, compliance, and operational effectiveness.

5. In-house Legal Drafting Achievements

The legal team successfully managed the full cycle of drafting, negotiating, and finalising legal documents, achieving significant cost savings and faster processing times.

- **Response Rate:** Over 98% of transactions were responded to within the agreed turnaround time (TAT), with 37% of transactions completed on the same day.
- **Agreements Processed:** A total of 865 legal agreements were finalised, including 659 for NSDC and 206 for NSDC International.

Impact

With total recoveries of ₹ 14.15 cr., alongside improved workflows and legal documentation processes, the legal team significantly bolstered NSDC's financial and operational standing.

These achievements ensured effective risk mitigation, compliance, and greater alignment with NSDC's mission to drive India's skill development forward. ■

Chapter 13

Human Resources

Key Accomplishments:

We at NSDC have had a transformative year, marked by significant achievements that have reinforced our commitment to fostering a culture of excellence and engagement. Among the most notable accomplishments, NSDC was proudly certified as a Great Place to Work in 2024. This prestigious recognition underscores our dedication to creating an inclusive, supportive, and engaging workplace where employees are empowered to thrive. The certification is a testament to the collective effort of our team in nurturing a positive organizational culture and enhancing employee experience.

In addition to this, NSDC was honored with the Future Ready Organization Award by the Economic Times (ET). This accolade reflects our proactive approach in equipping the organization with the skills, mindset, and agility required to navigate the dynamic landscape.

By investing in cutting-edge training programs, embracing digital transformation, and fostering a culture of continuous learning, the HR function has played a pivotal role in positioning NSDC as a forward-thinking leader in the industry.

These achievements reflect our strategic HR initiatives aimed at aligning talent with the organization's broader goals. Through robust recruitment practices, comprehensive learning and development programs, and a focus on employee well-being, the HR team has successfully contributed to the sustained growth and success of NSDC. We remain committed to advancing our workforce capabilities, ensuring that NSDC continues to be recognized as both a great place to work and a future-ready organization. ■

Chapter 14

Events at NSDC

Executive Summary

The Events Team has demonstrated exceptional performance in organising, vendor management and hosting a wide array of events throughout the year. Their dedication to efficiency, cost-effectiveness, and successful outcomes has been pivotal in enhancing NSDC's visibility and impact across various sectors and delivering 63 successful events in FY 2023-24, across multiple locations across India, including at Kaushal Bhawan.

Key Accomplishments:

Event Management Excellence

- Successfully executed 63 diverse events across multiple locations in India and internationally.
- Events ranged from high-profile launches and workshops to skill development initiatives and employment fairs.
- Notable events included the NEP-23, Vishwakarma Scheme launch, and WorldSkills winners' felicitation ceremony.

Vendor Management

- Established a comprehensive list of items and an empanelled vendor pool for Kaushal Bhawan events.
- Negotiated and finalized competitive rates with vendors, ensuring cost-effectiveness.
- Initiated the development of a National Event Vendor Pool to support future events across the country.

Budget Optimization

- Consistently organized events within allocated budgets without compromising on quality or impact.
- Implemented strategic planning to maximize resource utilization across all events.

Event Portfolio: At a glance

Between July 2023 and March 2024, the NSDC Event Team successfully managed 63 diverse events, underscoring the organization's wide-reaching influence on skill development. These events included significant policy launches like NEP-23, skill development initiatives such as Skill India Digital stalls, employment fairs like Rozgar Melas, and international collaborations through Business Matchmaking Seminars in Japan. With events held in states such as Delhi, Odisha, Maharashtra, Uttar Pradesh, and Gujarat, as well as in international venues like Osaka and Tokyo, the team demonstrated its ability to engage multiple regions and sectors.

The team employed innovative event formats, including workshops, seminars, flagging-off ceremonies, and digital platform launches, effectively showcasing NSDC's commitment to advancing skills, employment, and international partnerships. This comprehensive event portfolio highlights NSDC's pivotal role in driving India's skill development agenda both nationally and globally.

G20 Future of Work

Executive Summary

As part of India's G20 presidency in 2023, the country hosted several significant events focusing on the future of work and skills development. These initiatives showcased India's commitment to addressing global challenges and promoting inclusive growth through education, technology, and skill enhancement.

Future of Work Exhibition in Bhubaneswar

The third G20 Education Working Group meeting commenced with a groundbreaking "Future of Work" exhibition at CSIR-IMMT, Bhubaneswar. Held from April 23, 2023, for six days, this exhibition was a resounding success, attracting over 50,000 visitors. The event showcased:

- Integration of technology in traditional sectors
- Novel delivery models
- Shifts in the future of work landscape

This exhibition provided a unique opportunity for

students, locals, and international guests to witness cutting-edge technologies shaping the future of work.

Jan Bhagidari Initiative

Inspired by Prime Minister Narendra Modi's call to incorporate 'Jan Bhagidari' (people's participation) as a key element of India's G20 Presidency, a month-long series of events was launched across the state of Odisha.

Beginning on April 1, 2023 (Utkal Dibasa), these events, organised by the National Skill Development Corporation (NSDC), aimed to:

- Conduct widespread deliberations on emerging skilling requirements
- Promote effective outreach in every district
- Emphasize the need for continuous skilling, reskilling, and upskilling

This initiative aligned with the vision of Shri Dharmendra Pradhan, Honorable Minister of Skill Development and Entrepreneurship, to prepare India's workforce for the future.

The Jan Bhagidari events demonstrated India's commitment to inclusive growth and skill development at the grassroots level, ensuring that the benefits of technological advancements reach all segments of society.

These G20 events underscored India's proactive approach to addressing global challenges related to the future of work, showcasing the country's leadership in fostering innovation, skill development, and inclusive growth on the world stage. ■

Board's Report

For the year ended March 31, 2024

Board's Report

Dear Members,

The Board of Directors are pleased to present the Company's Sixteenth annual report with the Company's audited financial statements for the financial year ended 31st March, 2024.

Financial Summary & Highlights

The Company's financial performance for the year ended 31st March, 2024, is summarized below:

(₹ in lakhs)

Particulars	FY 2023-24	FY 2022-23
Revenue from Operations	1,66,626.22	91,737.68
Other Income	838.15	1,666.73
Total Income	**1,67,464.37**	**93,404.41**
Total expenditure	1,63,336.64	91,410.83
Excess of income over expenditure	**4,127.73**	**1,993.58**

The Company's consolidated financial performance for the year ended 31st March, 2024, is summarized below:

(₹ in lakhs)

Particulars	FY 2023-24	FY 2022-23
Revenue from Operations	1,66,866.65	91,921.05
Other Income	866.34	1,706.35
Total Income	**1,67,732.99**	**93,627.40**
Total expenditure	1,63,782.17	91,831.75
Excess of income over expenditure	**3,950.82**	**1,795.65**

Business and Operations Highlights / State of Company's Affair

Your Company had a total income of ₹ 1,67,464.37 (in lakhs), expenses of ₹ 1,63,336.64 (in lakhs), resulting in excess of income over expenditure ₹ 4,127.73 (in lakhs).

Dividend

As your Company is a not-for-profit Company registered under Section 25 of the Companies Act, 1956, corresponding to Section 8 of the Companies Act 2013 ('Act'), distribution of dividends is prohibited under the Act.

Reserves

Your Company do not propose to transfer any amount to the Reserves for the year under review.

Deposits

The Company has not accepted any deposits from public/shareholders under Section 73 and 74 of the Companies Act, 2013 during the year under review. There are no unpaid or unclaimed deposits.

Share Capital

There was no change in the share capital of your Company during the year.

Subsidiaries, Associate Companies and Joint Venture

The Company has one wholly owned subsidiary, one step-down subsidiary, and one associate Company as on 31st March, 2024. The Company has no joint-venture Company. There have been no material changes in the nature of the business of the subsidiary Company.

The company also owns a trust as its settler, with an initial investment of ₹. 1 lakh made during the last year.

The details of the subsidiary of the Company as on 31st March 2024 are as under (in ₹):

S. No	Name	Investment as on 31st March , 2024	% Holding by the Company
1.	NSDC International Limited	36,00,00,000	100%

The details of the step-down subsidiary of the Company as on 31st March 2024 are as under (in ₹):

S. No	Name	Investment as on 31st March , 2024	% Holding by the Company
1.	NSDC International Consultancy L.L.C.#	N.A	100%*

Wholly-owned subsidiary of NSDC International Limited.

* Including holding by nominee representatives.

The details of the associate companies of the Company as on 31st March 2024 are as under (in ₹):

S. No	Name	Investment as on 31st March, 2024	% Holding by the Company
1.	GSDL Skills Private Limited (Formerly known as Globsyn Skill Development Private Limited)	94,03,973	21.95%

The above-mentioned associate company do not have any significant contribution to the performance of the Company. Further, provision for diminution against the Investment in the above-mentioned associate Company has been provided to the extent of 100% as on 31st March, 2024.

Directors and Key Managerial Personnel

During the financial year under review Mr. Arvind Thakur, Mr. T. Rajkumar and Mr. P.R Aqeel Ahmed ceased to be the Directors on the Board of the Company. Subsequent to the close of the financial year under review Dr. Krishna Kumar Dwivedi ceased to be the Director on the Board of the Company. The Board places on record its appreciation for the valuable services rendered by them during their tenure.

Subsequent to the previous Annual General Meeting, Mr. Jagdish Mitra, Mr. Rakesh Mehra, Mr. Deepak Sood, Mr. Mukhtarul Amin and Mr. Thiagarajan Balasubramanian were appointed as Additional Directors of the Company. After the close of the Financial Year under review, Ms. Sonal Mishra was appointed as Additional Director. Pursuant to Section 161 of the Companies Act, 2013, the aforesaid Additional Directors hold office up to the date of the ensuing Annual General Meeting of the Company. The Board recommends the appointment of Mr. Jagdish Mitra, Mr. Rakesh Mehra, Mr. Deepak Sood, Mr. Mukhtarul Amin, Mr. Thiagarajan Balasubramanian and Ms. Sonal Mishra as Directors at the ensuing Annual General Meeting.

In accordance with the provisions of the Act and the Articles of Association of the Company, Mr. Sandip Somany and Mr. Vipul Shah, Directors of the Company, retire by rotation at the ensuing Annual General Meeting and being eligible, have offered themselves for re-appointment. The Board recommends their reappointment as Directors at the ensuing Annual General Meeting.

Independent Directors

The provisions of Section 149 of the Companies Act, 2013, read with rules with respect to Independent Directors are not applicable to the Company.

Board Meetings

During the financial year under review, 07 (Seven) Board Meetings were held. The intervening gap between the Board Meetings was within the period prescribed under the Act.

Directors' Responsibility Statement

To the best of the knowledge and belief and according to the information and explanations obtained, your Directors' state that:

a. In the preparation of the annual financial statement for the year ended 31st March, 2024, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any.

b. Accounting policies as mentioned in notes to the financial statement have been selected and applied consistently, and judgments and estimates have been made that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2024, and of the excess of income over expenditure of the Company for the year on that date.

c. Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

d. The annual accounts have been prepared on a going concern basis.

e. Proper systems have been devised to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

f. Proper internal financial controls to be followed by the Company have been laid down and such internal financial controls are adequate and operate effectively.

Policy for Prevention, Prohibition and Redressal of Sexual Harassment at Workplace

The Company has in place a Policy for the Prevention, Prohibition, and Redressal of Sexual Harassment of Women in the Workplace. Appropriate reporting mechanisms are in place to ensure the prevention against Sexual Harassment. The Internal Complaints Committee (ICC) has been constituted as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, and the Committee includes external members with relevant experience. A senior woman employee is the presiding officer of the ICC. Half of the total members of the ICC are women.

During the year under review, the Company has not received any complaints.

Internal Financial Controls

The Company has internal financial controls which are in accordance with the size and operations of the Company. The controls are adequate and are operating effectively for ensuring the orderly & efficient conduct of the operations including adherence to the Company's policies, the safeguarding of assets, the prevention & detection of frauds & errors, the accuracy & completeness of accounting records and timely preparation of reliable financial information.

Auditors & Auditors Report

At the 11th Annual General Meeting M/s. Kumar Chopra & Associates, Chartered Accountants (FRN 000131N) were appointed as the statutory auditor of the Company for a term of 05 (five) consecutive years to hold office till the conclusion of the 16th Annual General Meeting. The term of the present Auditors expires at the ensuing Annual General Meeting upon completion of their terms in accordance with the Companies Act, 2013 provisions applicable to public companies.

The Board of Directors of the Company, at its Meeting held on 08th August, 2024, has recommended appointment of M/s V. Sankar Aiyar & Co., Chartered Accountants (FRN 109208W) as statutory auditors, for approval of the shareholders at the ensuing Annual General Meeting of the Company. The Board has received the consent from M/s V. Sankar Aiyar & Co., Chartered Accountants (FRN 109208W) confirming that they are willing to be appointed as the statutory auditors of the Company and that they are not disqualified for being appointed as the statutory auditors of the Company.

The audit report of the statutory auditors of the Company is self-explanatory and does not call for any response from the management.

Reporting of Fraud

The Auditors of the Company have not reported any fraud as specified under Section 143(12) of the

Companies Act, 2013. Further, no case of Fraud has been reported to the management from any other sources.

Cost Auditors

The activities undertaken by the Company are not covered under cost audit and therefore, pursuant to Section 148(1) of the Companies Act, 2013, read with the Companies (Cost Records and Audit) Amendment Rules, 2014, the Company is not required to make and maintain cost audit records.

Particulars of Contracts or Arrangements with Related Parties

The Board of Directors draw attention of the members to note no. 37 to the standalone financial statement which sets out related party disclosures pursuant to Indian Accounting Standard. The transactions disclosed therein were in the ordinary course of business and on an arm's length basis. There have been no materially significant related party transactions entered between the Company and the Directors, the management, the associate companies, or the relatives except for those disclosed in the financial statements.

Accordingly, particulars of contracts or arrangements with related parties referred to in section 188(1) of the Act along with the justification for entering into such contract or arrangement in Form AOC-2 do not form part of the report.

Particular of Loans, Guarantees or Investments

Loans, guarantees or investments covered under Section 186 of the Act form part of the financial statements, if any.

Risk Management

The Company remains proactive in enhancing its risk management framework and processes to adapt to evolving operational landscapes. This ensures that risk assessment, mitigation, and remedial measures effectively address emerging challenges.

Corporate Social Responsibility

Pursuant to the provisions of Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Company has constituted a Corporate Social Responsibility (CSR) Committee of the Board of Directors, comprising of the following Directors as on March 31, 2024:

1. Mr. Jitendra Thakker, Chairman
2. Mr. Ved Mani Tiwari, Member

The Company has a CSR Policy as per the requirements of the Act and the same is available on the website of the Company. During the Financial Year 2023-24, the Company was required to spend ₹ 20,72,319/- towards CSR Activities in terms of the mandatory provisions of Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014. The mandatory amount has been fully spent by the Company for the skill development activities. The Corporate Social Responsibility Report in the required format is given as an Annexure I to this Report.

Audit Committee

The Audit Committee constituted pursuant to the provisions of Section 177 of the Companies Act, 2013 comprises of:

1. Mr. Jitendra Thakker
2. Mr. Rakesh Mehra
3. Mr. Deepak Sood

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo:

A. Conservation of Energy & Technology absorption

The activities of the Company are not energy intensive and hence there is no scope for minimizing the use of power, electricity and even evaluating for alternate sources of energy. Nevertheless, the company is also actively employing all available measures to conserve energy.

B. Foreign Exchange Earnings & Outgo

The particulars regarding foreign exchange earnings and expenditure are furnished in note no. 42 to the standalone financial statement.

Details of material changes affecting financial position between the end of the financial year and date of the report

There were no material changes and commitments, affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the financial statements relate and the date of this report.

Material Orders

There were no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and Company's operations in future.

Annual Return

In accordance with section 134(3)(a) of the Act, the annual return as referred in section 92(3) of the Act, for the financial year under review shall be placed on the website of the Company, www.nsdcindia.org, upon filing with the Ministry of Corporate Affairs.

Application Made or any Proceeding Pending under the Insolvency and Bankruptcy Code, 2016 (IBC) during the year along with their status as at the end of the Financial Year.

During the year under review, the Company initiated action against 06 (six) Companies under IBC for recovery of their dues, which are under various stages of proceedings in the National Company Law Tribunal.

Details of difference between amount of valuation done at the time of one-time settlement and the valuation done while taking loans from Banks or Financial Institutions along with the reasons thereof.

The Company has not taken any loans from Banks or Financial Institutions.

Acknowledgement

Your Directors' would like to express their sincere thanks and appreciation for the guidance, support and cooperation received from the Ministry of Skill Development and Entrepreneurship (MSDE), the Ministry of Labour & Employment (MoLE) and the Ministry of Micro, Small and Medium Enterprises (MSME), Government of India.

Your Directors' are also thankful for the cooperation and support received from participating representative bodies and associations and last but not the least to the staff at all levels.

For and on behalf of the Board of Directors

Standalone Financial Statements

For the year ended March 31, 2024

INDEPENDENT AUDITOR'S REPORT

To the Members of National Skill Development Corporation
Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the accompanying standalone financial statements of **National Skill Development Corporation** ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Income and Expenditure, and the Cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and excess of Income over Expenditure, and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the standalone financial statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Information other than the standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including its Annexure but does not include the standalone financial statements and our auditor's report thereon.

Our Opinion on the standalone financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is the material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

4. Responsibility of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the

accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

I. The Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, is not applicable to this company since it is a company licensed to operate under Section 8 of the Companies Act 2013.

II. As required by Section 197(16) of the Act, we report that in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.

III. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

c. The Balance Sheet, the statement of Income and Expenditure and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors of the Company and on the basis of the reports of the statutory auditors of its subsidiary company, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company has disclosed impact of pending litigations on financial position in Note No. 34 to the standalone financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (i) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the note 47(k) to the standalone financial statements, no funds have been advanced or

loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The Management has represented, that, to the best of it's knowledge and belief, as disclosed in the note 47(k) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clause (i) and (ii) of Clause (iv) above contain any material misstatement.

v. The company has not declared or paid dividend during the year.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during our audit we did not come across any instance of audit trail feature being tampered with. As the proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 is applicable from 1st April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per statutory requirements for record retention is not applicable for the financial year ending 31st March 2024.

ANNEXURE "A" TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 6(III)(f) of our report of even date on the standalone financial statements of **National Skill Development Corporation** for the Year ended 31 March 2024)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the standalone financial statements of **National Skill Development Corporation ("the Company")** as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to the standalone financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NATIONAL SKILL DEVELOPMENT CORPORATION

Notes to the Standalone Financial Statements for the year ended March 31, 2024

Corporate Information

The Company was incorporated on 31st July, 2008 as a Company limited by shares not for profit under section 25 of the Companies Act, 1956 (Corresponding to Sec 8 of Companies Act, 2013). The Company was converted into a private limited company with effect from September 8, 2011. The Company was subsequently converted into a public limited company with effect from March 14, 2018. The Company got registration under Foreign Contribution Regulation Act effective May 22, 2018. The financial statements are presented in ₹ in Lakhs.

Government of India has established a public charitable trust, National Skill Development Fund (NSDF), to attract contributions from various Government sources, and other donors/ contributors to stimulate interest for, develop and enhance skills through various programs. NSDC has entered into an investment management agreement dated 27th March 2009 with the NSDF. The Company manages the funds transferred by the Trust to achieve its objectives of Skill Development and Vocational Training as set out in the Agreement.

The Company is the implementing agency of various skill development Schemes / programmes under National Skill Development Programme which includes schemes of the Centre and State governments; CSR funded skill training programmes in association with the Industry; and fee-based / paid skill training programmes implemented by approved NSDC Training Partners / Sector Skill Councils (SSC), with/ without certification from SSCs and reported to NSDC in accordance with NSDC compliances.

Centre and State Governments Schemes includes Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Pradhan Mantri Kaushal Kendra (PMKK), Pravasi Kaushal Vikas Yojana (PKVY), Capacity Building & Technical Assistance Scheme (DONER), UDAAN, National Apprenticeship Promotion Scheme (NAPS), Seekho Aur Kamao (Learn and Earn) scheme, National Urban livelihood Mission (NULM), Skills Acquisition and Knowledge Awareness for Livelihood Promotion (SANKALP), World Skill Competition (WSC), State Skill Development Mission Schemes, National Initiative for Promoting Upskilling of Nirman workers (NIPUN), Pradhan Mantri Vishwakarma Scheme (PMVS), etc.

1 Significant Accounting Policies

1.1 Basis of Preparation of Financial Statements

The financial statements of the company have been prepared on going concern basis in accordance with the generally accepted accounting principles in India (Indian GAAP) and the applicable Accounting Standards notified under section 133 of the Companies Act, 2013.The financial statements have been prepared under the historical cost convention on accrual basis except interest on non performing loans that are recognized on realization.

1.2 Use of Estimates

The preparation of financial statements in conformity with the significant accounting policies requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. Actual results could differ from those estimates. Differences between actual results and estimates are recognized in the period in which they materialize.

1.3 Property, Plant & Equipment and Depreciation

Property, Plant & Equipment are stated at their original cost less accumulated depreciation. Depreciation is provided under the written down value method based on the useful life of assets as specified in Schedule II of the Companies Act, 2013.

Leasehold Improvements is amortized over the lease period or 9 years, whichever is lower as no useful life is prescribed in Schedule II of the Companies Act, 2013.

In respect of additions/deletions, pro-rata depreciation from the month of addition/up to the month of deletion is provided.

Assets individually costing less than ₹ 0.05 lakh are fully depreciated in the year of acquisition.

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at Cost. Intangible assets i.e. internally generated softwares are amortized over the estimated useful life of 5 years, subject to review at the end of each financial year. Purchased softwares are amortized over the estimated useful life of 3 years.

1.4 Impairment of Assets

The carrying amount of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on internal/external factors. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount.

1.5 Prudential norms on assets classification and provisioning

The Company has voluntarily adopted the prudential norms for categorization and provisioning of NSDC loans as below:

i. asset in respect of which interest or principal has remained overdue for a period of six months or more, become non- performing asset (NPA);

ii. asset becomes sub-standard asset (SSA) on its identification as NPA and remained as SSA for six months;

iii. asset becomes doubtful on NPA completing six months as SSA;

iv. Inline with the above categorization, necessary provisions are made in the books of accounts as per adopted prudential norms.

1.6 Income Recognition

i) Fees for services on account of management of funds is recognized in accordance with Investment Management Agreement (IMA) with NSDF.

ii) Income from Grants is considered to the extent it is utilized during the year and Management fees on the same is considered in accordance with the scheme guidelines / MOU / Agreement / Letter / Others, income is recognized in line with agreed rate to the extent of disbursement of funds under the respective schemes / projects.

iii) Income from Outcome Funds for the Skill Impact Bond (SIB) will be recognized after the program's completion, based on actual outcome achieved. Given the current uncertainty of final outcome, expenditures incurred, net of outcome funds received, are recorded as recoverable until the SIB program concludes.

iv) Interest on loans disbursed is recognized on accrual basis, as per the contract with the borrowers which inter-alia includes moratorium period allowed to them. In respect of Non Performing Assets, the income is recognized only when received.

v) Income from bank interest is recognized on accrual basis.

vi) Dividend is recognized when the right to receive is established.

vii) Royalty is accounted on accrual basis as per the agreement in place.

viii) Income such as validation and accreditation fee, Proposal, Monitoring & Facilitation Fees is accounted on accrual basis.

1.7 Government Grants & Funds

Government grant receipts are treated as restricted fund. Unutilized government grants pertaining to schemes are treated as restricted funds to be carried forward at the end of the year for utilization in the subsequent years.

NSDC is the implementing agency of various government schemes such as Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Pravasi Kaushal Vikas Yojana (PKVY), Capacity Building & Technical Assistance Scheme (DONER), UDAAN, Seekho Aur Kamao (Learn and Earn) scheme, National Apprenticeship Promotion Scheme (NAPS), National Initiative for Promoting Upskilling of Nirman workers (NIPUN), Pradhan Mantri Vishwakarma Scheme (PMVS) etc. Liabilities under the Government schemes at the close of financial year are recognized only to the extent available funds under the said schemes.

1.8 Investments

Long term investments are shown at cost. Provision for diminution in value is made, if in the opinion of the management the decline is considered other than temporary. Current investments are shown at cost and the fall in value as compared to cost is provided for.

1.9 Employee Benefits

a) Company's contribution to provident fund, a defined contribution plan are made to EPFO and charged to statement of Income & Expenditure account.

b) Liability in respect of Gratuity, a defined benefit plan is paid to a fund maintained by LIC of India and difference between fund balance and accrual liability at the end of the year based on actuarial valuation is charged to statement of income and expenditure account.

c) Liability towards leave encashment, a defined benefit plan are accounted for on the basis of actuarial valuation at the end of the year.

1.10 Foreign Currency Transactions

All transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. Liabilities and receivables in foreign currency are converted at the exchange rate prevailing at the close of the financial year and net gain or losses are recognized in the Statement of Income & Expenditure.

1.11 Lease

Where significant portion of risks and rewards are retained by lessor in respect of assets acquired/ taken on lease, they are classified as operating lease and the lease rentals are charged off to statement of Income & Expenditure account.

1.12 Provisions and Contingencies

The Company creates a provision when there is a present obligation as a result of past event having probability of an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent Liabilities are disclosed by way of note unless the possibility of outflow is remote.

1.13 Capital Assets Fund

Capital Assets Fund is created to capture the amount of expenditure incurred on the asset creation from Grants received in CSR & others; and will be impaired on annual basis equivalent to depreciation charges on the assets so created.

Consolidated Financial Statements

For the year ended

March 31, 2024

INDEPENDENT AUDITOR'S REPORT

To the Members of National Skill Development Corporation

Report on the Audit of the Consolidated Financial Statements

1. Opinion

We have audited the accompanying Consolidated financial statements of National Skill **Development Corporation** ("the Holding Company") and its subsidiary NSDC International Limited and step down foreign subsidiary NSDC International Consultancy L.L.C. (collectively referred to as " the Group") which comprise of the Consolidated Balance Sheet as at 31st March 2024, and the Consolidated statement of Income and Expenditure, and the Consolidated Cash Flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2024, and excess of Income over Expenditure, and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated financial statements* section of our report. We are independent of the group in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Information other than the financial statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including its Annexure but does not include the consolidated financial statements and our auditor's report thereon.

Our Opinion on the consolidated financial statements do not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is the material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

4. Responsibility of Management for Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that

are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the group's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

vi. Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Other Matters

We did not audit the standalone and consolidated financial statements of the subsidiary including foreign step down subsidiary, whose financial statements reflect total assets of ₹ .4,253 lakhs as at 31st March, 2024, total revenue of ₹ 3443.57 lakhs and net cash inflows amounting to ₹. 924.53 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Our opinion on the consolidated financial statements, and our report on the legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

7. Report on Other Legal and Regulatory Requirements

I. As required by Section 197(16) of the Act, we report that in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding company to its directors during the year is in accordance with the provisions of section 197 of the Act.

II. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b. In our opinion, proper books of account as required by law have been kept by the group so far as it appears from our examination of those books

c. The Consolidated Balance Sheet, the Consolidated statement of Income and Expenditure and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2024 taken on record by the Board of Directors of the Holding Company and on the basis of the reports of the statutory auditors of its subsidiary companies incorporated

in India, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in **"Annexure A"** which is based on the auditor's report of the holding company and its subsidiary companies incorporated in India. Our report expresses an unqualified opinion on the adequacy and operating effectiveness of internal financial control with reference to the consolidated financial statements of those companies.

g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The group has disclosed impact of pending litigations on financial position in Note No. 35 to the consolidated financial statements.

ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the group.

iv. (i) The respective managements of the Company and its subsidiaries incorporated in India whose financial statements have been audited under the Act, have represented that, to the best of it's knowledge and belief, as disclosed in the note 48(k) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person(s) or entity(ies) outside the Group, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The respective managements of the Company and its subsidiaries incorporated in India have represented that, to the best of it's knowledge and belief, as disclosed in the note 48(k) to the consolidated financial statements, no funds have been received by the by the Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clause (i) and (ii) of Clause (iv) above contain any material misstatement.

v. The holding company and its subsidiaries have not declared or paid dividend during the year.

vi. Based on our examination which included test checks, the Holding Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during our audit we did not come across any instance of audit trail feature being tampered with.

In case of a subsidiary incorporated in India, as communicated by the auditor of such subsidiary, the subsidiary company has used accounting software for maintaining its books of account for the financial year ended 31 March 2024 which has a feature of recording audit trail (edit log) facility has and the same has operated throughout the year for all relevant transactions recorded in the software except for the period 1 April 2023 to 28 December 2023 during which feature of recording audit trail (edit log) facility was not enabled. Further, during audit they did not come across any instance of audit trail feature being tampered with.

As the proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 is applicable from 1st April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per statutory requirements for record retention is not applicable for the financial year ending 31st March 2024.

ANNEXURE "A" TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 7(II)(f) of our report of even date on the Consolidated financial statements of **National Skill Development Corporation** for the Year ended 31 March 2024)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of consolidated financial statements of the **National Skill Development Corporation** ("the Holding Company"), as of and for the year ended 31 March 2024, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of Holding and its subsidiary company, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding and its subsidiary company internal financial controls with reference to the consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by ICAI and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's and subsidiary company internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and

procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company has, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such company.

NATIONAL SKILL DEVELOPMENT CORPORATION

Notes to the Consolidated financial statements for the year ended March 31, 2024

Corporate Information

National Skill Development Corporation ("the Holding company") was incorporated on 31st July, 2008 as a Company limited by shares not for profit under section 25 of the Companies Act, 1956 (Corresponding to Sec 8 of Companies Act, 2013). The holding company was converted into a private limited company with effect from September 8, 2011. The Holding Company was subsequently converted into a public limited company with effect from March 14, 2018. The holding company got registration under Foreign Contribution Regulation Act effective May 22, 2018. The financial statements are presented in ₹ in Lakhs.

Government of India has established a public charitable trust, National Skill Development Fund (NSDF), to attract contributions from various Government sources, and other donors/ contributors to stimulate interest for develop and enhance skills through various programs. The holding company has entered into an investment management agreement dated 27th March 2009 with the NSDF. The holding company manages the funds transferred by the Trust to achieve its objectives of Skill Development and Vocational Training as set out in the Agreement.

The holding company is the implementing agency of various skill development Schemes / programmes under National Skill Development Programme which includes schemes of the Centre and State governments; CSR funded skill training programmes in association with the Industry; and fee-based / paid skill training programmes implemented by approved NSDC Training Partners / Sector Skill Councils (SSC), with/ without certification from SSCs and reported to NSDC in accordance with NSDC compliances.

Centre and State Governments Schemes includes Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Pradhan Mantri Kaushal Kendra (PMKK), Pravasi Kaushal Vikas Yojana (PKVY), Capacity Building & Technical Assistance Scheme (DONER), UDAAN, National Apprenticeship Promotion Scheme (NAPS), Seekho Aur Kamao (Learn and Earn) scheme, National Urban livelihood Mission (NULM), Skills Acquisition and Knowledge Awareness for Livelihood Promotion (SANKALP), World Skill Competition (WSC), State Skill Development Mission Schemes, National Initiative for Promoting Upskilling of Nirman workers (NIPUN), Pradhan Mantri Vishwakarma Scheme (PMVS), etc.

The NSDC International Ltd ("Indian subsidiary") is incorporated on October 29, 2021 as a Company limited by shares under section 7(2) of the Companies Act, 2013. The primary objective of the Indian subsidiary is to cater the global workforce demand through the skilling capacity and capabilities in India. The Indian Subsidiary shall work with Indian offshore Information & Communications Technology (ICT) companies to identify demand for offshoring jobs in new geographies and close contracts. It will continue to identify skilled manpower requirements to support offshore operations including language training and work with education and training companies to service the requirements.

1 Significant Accounting Policies

1.1 Basis of preparation of Consolidated financial statements

Consolidated financial statements of the holding company and its subsidiary and step-down subsidiary are prepared in accordance with generally accepted accounting principles in India (Indian GAAP), including Accounting Standards notified under the relevant provisions of the Companies Act 2013.

1.2 Principles of Consolidation

The consolidated financial statements related to holding and its Indian subsidiary and its foreign step-down subsidiary collectively referred as "Group". The consolidated financial statements has been prepared on the following basis:

a) The financial statements of the holding company and its Indian subsidiary and foreign step down subsidiary are combined on a line by line basis by adding together the book values of items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS)-21 “Consolidated Financial Statements”.

b) The difference between the cost of investment in the subsidiary and step down subsidiary, over the net assets at the time of acquisition of shares in the Indian subsidiary is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.

c) The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

d) The Holding company has one associate company i.e. Globsyn Skill Development Private Limited but it has no significant influence in the business decisions of the associate company and investment in the associate are otherwise fully provided for impairment/ diminution in value. Hence, it is not included in the consolidation.

1.3 Use of Estimates

The preparation of Consolidated financial statements in conformity with the significant accounting policies requires management to make certain estimates and assumptions that affect the amounts reported in the Consolidated financial statements and notes thereto. Actual results could differ from those estimates. Differences between actual results and estimates are recognized in the period in which they materialize.

1.4 Property, Plant & Equipment and Intangible assets, depreciation

Property, Plant & Equipment are stated at their original cost less accumulated depreciation. Depreciation is provided under the written down value method based on the useful life of assets as specified in Schedule II of the Companies Act, 2013.

Leasehold Improvements is amortized over the lease period or 9 years, whichever is lower as no useful life is prescribed in Schedule II of the Companies Act, 2013.

In respect of additions/deletions, pro-rata depreciation from the month of addition/up to the month of deletion is provided. Assets individually costing less than ₹ 0.05 Lakhs are fully depreciated in the year of acquisition.

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at Cost. Intangible assets i.e. internally generated softwares are amortized over the estimated useful life of 5 years, subject to review at the end of each financial year. Purchased softwares are amortized over the estimated useful life of 3 years.

1.5 Impairment of Assets

The carrying amount of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on internal/external factors. If any indication exists, an asset’s recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount.

1.6 Prudential norms on assets classification and provisioning

The Group has voluntarily adopted the prudential norms for categorization and provisioning of NSDC loans as below:

i. asset in respect of which interest or principal has remained overdue for a period of six months or more, become non-performing asset (NPA);

ii. asset becomes sub-standard asset (SSA) on its identification as NPA and remained as SSA for six months;

iii. asset becomes doubtful on NPA completing six months as SSA;

iv. Inline with the above categorization, necessary provisions are made in the books of accounts as per adopted prudential norms.

1.7 Income Recognition

i) Fees for services on account of management of funds is recognized in accordance with Investment Management Agreement (IMA) with NSDF.

ii) Income from Grants is considered to the extent it is utilized during the year and Management fees on the same is considered in accordance with the scheme guidelines / MOU / Agreement / Letter / Others, income is recognized in line with agreed rate to the extent of disbursement of funds under the respective schemes / projects.

iii) Income from Outcome Funds for the Skill Impact Bond (SIB) will be recognized after the program's completion, based on actual outcome achieved. Given the current uncertainty of final outcome, expenditures incurred, net of outcome funds received, are recorded as recoverable.

iv) Interest on loans disbursed is recognized on accrual basis, as per the contract with the borrowers which inter-alia includes moratorium period allowed to them. In respect of Non Performing Assets ,the income is recognized only when received.

v) Income from bank interest is recognized on accrual basis.

vi) Dividend is recognized when the right to receive is established.

vii) Royalty is accounted on accrual basis as per the agreement in place.

viii) Income such as validation and accreditation fee, Proposal, Monitoring & Facilitation Fees is accounted on accrual basis.

1.8 Government Grants & Funds

Government grant receipts are treated as restricted fund. Unutilized government grants pertaining to schemes are treated as restricted funds to be carried forward at the end of the year for utilization in the subsequent years.

NSDC is the implementing agency of various government schemes such as Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Pravasi Kaushal Vikas Yojana (PKVY), Capacity Building & Technical Assistance Scheme (DONER), UDAAN, Seekho Aur Kamao (Learn and Earn) scheme, National Apprenticeship Promotion Scheme (NAPS), National Initiative for Promoting Upskilling of Nirman workers (NIPUN), Pradhan Mantri Vishwakarma Scheme (PMVS), etc. Liabilities under the Government schemes at the close of financial year are recognized only to the extent available funds under the said schemes.

1.9 Investments

Long term investments are shown at cost. Provision for diminution in value is made, if in the opinion of the management the decline is considered other than temporary. Current investments are shown

at cost and the fall in value as compared to cost is provided for.

1.10 Employee Benefits

a) Group's contribution to provident fund, a defined contribution plan are made to EPFO and charged to statement of Income & Expenditure account.

b) Liability in respect of Gratuity, a defined benefit plan is paid to a fund maintained by LIC of India and difference between fund balance and accrual liability at the end of the year based on actuarial valuation is charged to statement of income and expenditure account.

c) Liability towards leave encashment, a defined benefit plan are accounted for on the basis of actuarial valuation at the end of the year.

1.11 Foreign Currency Transactions

All transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. Liabilities and receivables in foreign currency are converted at the exchange rate prevailing at the close of the financial year and net gain or losses are recognized in the Statement of Income & Expenditure.

1.12 Lease

Where significant portion of risks and rewards are retained by lessor in respect of assets acquired/ taken on lease, they are classified as operating lease and the lease rentals are charged off to statement of Income & Expenditure account.

1.13 Provisions and Contingencies

The Group creates a provision when there is a present obligation as a result of past event having probability of an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent Liabilities are disclosed by way of note unless the possibility of outflow is remote.

1.14 Income Taxes

Tax expense comprises current income tax and deferred tax.

Deferred tax is provided on temporary differences between the profits as per income tax and as per books of account. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses.

1.15 Capital Assets Fund

Capital Assets Fund is created to capture the amount of expenditure incurred on the asset creation from Grants received in CSR & others; and will be impaired on annual basis equivalent to depreciation charges on the assets so created.
